XXVI, NO. 208

GAINESVILLE, FLORIDA, THURSDAY, OCTOBER 7, 1909

TEN CENTS A WEEK.

## MEXICO WILL EXTEND TAFT ROYAL WELCOME

and Silver Service of Maximilian Will Be  
Used at Spread in His Honor.

MEXICO CITY, Oct. 6.—Mexico is going to entertain President Taft with a display of royal magnificence such as has seldom been witnessed on the American continent.

All due honor may be done the president of the United States when he crosses the Rio Grande as guest of President Diaz, orders have been issued to have carried to Juarez, the historical and ceremonial silver and plate, using a great portion of the silver and china forming the banquet service of Emperor Maximilian. On the 9 a special train will leave carrying the banquet service. At the same time this service was used when Elihu Root, the Secretary of State for the United States, was entertained by President Diaz at Chapultepec Castle. The set comprises a thousand pieces and is said to be favorably in richness and in value with famed sets of the old royal families.

In custody of this famous silver service in the hands of Alfredo Barrios, official introducer of ambassadors who will be in charge of all arrangements for the banquet to be given on this side of the big river. Barron will go with the special

train and will take with him Epitacio Amdor, maitre d'hotel at the national palace, and Ramon Salgado, concierge at the palace.

A special florist, and huge quantities of flowers will also be taken, the intention being to make the banquet hall a scene of floral beauty unsurpassed in any function tendered in Mexico during recent years.

The carriages to be used by President Diaz and his cabinet have already started for the border. Troops which are to act as a guard of honor during the meeting of the two executives will leave some time this week.

Massive Grecian columns are being erected in Juarez along the streets on which Presidents Taft and Diaz are to parade. The columns are to be surmounted by huge eagles. Extra forces of decorators and men in the employ of the Mexican federal government were set to work yesterday to complete the decorations in time. The work is also being pushed on the Benito Juarez monument so that Gen. Diaz can lay the cornerstone of the \$117,000 shaft to the memory of the man who forced Maximilian from the Mexican throne.

The Sun office for calling cards.

## BANKER WALSH MUST SERVE HIS TERM IN PENITENTIARY.

CHICAGO, Oct. 6.—John R. Walsh, convicted of misappropriation of the funds of the Chicago National Bank, must serve the sentence of five years' imprisonment imposed by the trial jury save in the event that the Supreme Court upsets the affirmation of the verdict of guilty handed down by the United States Circuit Court of Appeals here yesterday. Counsel for Mr. Walsh in their appeal laid the greatest stress on what they alleged was a lack of criminal intent upon the part of the defendant. In the lengthy brief which they filed, much law was quoted to show that the convicted banker, newspaper publisher and railroad owner used the funds of the bank in what he considered a legitimate manner. The opinion of the court of appeals, written by Judge Humphrey and handed down by Judge Grosscup, is brief and confined almost wholly to the question of criminal intent. The allegation that Juror Palmer was unduly influenced is dismissed with a word, and but little more is wasted in eliminating the allegation of inconsistency and repugnancy.

## TWO ENGINES COLLIDE WITH FATAL RESULT ON I. C. ROAD.

SPRINGFIELD, Ill., Oct. 6.—One passenger was killed outright and thirty-five persons were injured, four probably fatally, in a collision last night between the special taking home several hundred excursionists who had been attending the State Fair, in this city, and the regular passenger train on the Illinois Central, at Parnell, three miles south of Farmer City.

The wreck occurred on a sharp curve while the two trains were running at a high rate of speed. Four of the coaches of the special were smashed. It was 11 o'clock before the first word of the accident reached Farmer City, when Conductor Duncan, of the special, himself seriously injured, limped into town.

Conductor Duncan, of the special, says his own watch was being repaired, and he was using another. The dial in this watch was not in the same position as his own, and when he looked at it he thought he had fourteen minutes in which to run into Farmer City, whereas he had but one minute.

## HILL'S STATEMENT NOT DOUBTED AT WASHINGTON.

WASHINGTON, D. C., October 6.—Although this is almost a banner year for yield of crops, the Federal Department of Agriculture is laboring industriously to collect all data possible in regard to the serious problem of increasing the future food supply of the United States. Mr. J. J. Hill's startling announcement that this nation is outgrowing its food supply on account of increasing population is not doubted by the Department of Agriculture, which has already acquired information tending to prove that Mr. Hill knows whereof he speaks.

## LOCHLOOSA NOTES.

LOCHLOOSA, Oct. 6.—Misses Zelma Cason, Emma Warden and Garce Moore of Island Grove were in town Thursday on a shopping expedition.

G. A. Singletary, conductor of a worktrain on the East Coast railway, spent some time here with friends last week.

Dr. Creekmore of Citra was in town Thursday on business.

J. C. Hayman made a business trip to Island Grove Thursday.

S. Roe made a business trip to Hawthorn Thursday.

Deputy Sheriff Bruton and Attorney Ellis of Gainesville were in town Friday on business.

I. C. Cochran left Saturday for Orange Heights to spend a few days with relatives.

T. C. Holden of Hawthorn was in

## MINERS BURNED ALIVE IN BRITISH COLUMBIA

Thirty Men Cremated By Fire Caused by Explosion  
in Mine of Wellington Colliery Company.

NANAIMO, B. C., Oct. 6.—Thirty lives are known to have been lost in an explosion that entombed more than fifty men in the Extension mine of the Wellington Colliery Company here yesterday.

Twenty-five of the imprisoned men were rescued, but the rapidly spreading fire prevented the rescuers from completing their work. Eight bodies were recovered by the workers late last night, who were making every effort to force further entrance into the two levels affected by the explosion in an effort to save any who may be living, and to recover the bodies of the dead before they are consumed.

The fire was constantly gaining headway, and while it continues there is little hope of the rescuers being able to reach the imprisoned men.

All the men rescued were badly injured.

The men employed in the collieries on Vancouver Island are of the better class of British miners, are well paid and have comfortable homes.

The Wellington Colliery Company, which owns the Extension mine, is controlled by British Columbia capitalists, Lieut. Governor James Dunsmuir being the head of the corporation.

The shock was terrific, but its ef-

fect was confined to the slope wherein it occurred. All of the men in the other slopes and levels escaped.

Fifty men were engaged in rescue work. Hundreds of inhabitants and miners volunteered aid, but the nature of the rescue work precluded more than fifty being engaged.

The rescuers hoped the flames would die down so as to permit the rescue of the entombed, but their chances seemed hopeless.

The explosion was due to fire damp, the timbers in two levels at once igniting, and the fire spreading with great rapidity.

Residents of Nanaimo have been prevented from going to Extension, where the disaster occurred, and only rescuers, miners and officials are on the scene.

The mine is situated sixty miles north of Victoria near the sea coast.

Some of the chambers run under the sea.

More than 3,000 men are employed in these collieries, which are the second largest in Canada, and have been the scene of several disasters in recent years.

A little want ad. will accomplish big results.

## Two Negro Women Killed By Dixie Flyer at Crossing

JACKSONVILLE, Fla., Oct. 6.—Attempting to cross the tracks of the Atlantic Coast Line at the Plank road crossing, just beyond Enterprise street, ahead of an onrushing train, and hesitating, then starting again, Anna Bush, colored, who lived in West Jacksonville, and Julia Miller, colored, 124 Stonewall street, were struck by Atlantic Coast Line passenger train, No. 95, "The Dixie Flyer," at 8:12 o'clock this morning. Both were killed instantly.

The bodies were brought to the city in the baggage car of the train, which was stopped a few yards from the scene of the accident. At the terminal station the bodies were identified by relatives.

Train No. 95, "The Dixie Flyer," due in the city at 8 o'clock, was a few

minutes late, and in charge of Engineer Mann and Conductor Reid, was making about the usual time through the yards. Engineer Mann saw the two women after he had whistled for the crossing, and at first thought they were going to cross the tracks in time, but they stopped as if to await the passing of the train. Then suddenly the two women started ahead, and as they reached the center of the track were struck by the locomotive.

Both were thrown far to the side of the track. Engineer Mann brought his train to a standstill within a hundred yards and backed up to the scene of the accident. One of the women was yet breathing, and with the assistance of Conductor Reid and others of the train crew, the bodies were carried to the baggage car and brought to the terminal station.

## More Liberal Policy As To Delivery Registered Mail

WASHINGTON, Oct. 6.—The Post-office Department has decided upon a more liberal policy in registered letter delivery. Hitherto rules of the department have made it impossible for postman to deliver letters to anyone other than the person addressed. This has resulted in vexatious delays and serious inconvenience to business and professional men.

Hereafter registered mail is to be left at the place to which it is di-

rected, if signed for by some responsible adult. The department properly reposes trust in the discretion of the postman, who is presumably a person blessed with common sense and acquainted with the character of many on his route. Safety, which is the sole consideration in registration, is still sufficiently safeguarded.

You may find what you are looking for through a want ad. in The Sun.

## Captain and Crew Released But Vessel Held in Mexico

PENSACOLA, Oct. 6.—After being held in a Mexican prison at Progreso from September 4 and for the first ten days not allowed even to communicate with the American consulate, Capt. Joseph Sciesse and seven men of the fishing schooner Caldon H. Colt of this port were released yesterday, according to a telegram received by the owners of the vessel from the American consul. At the same time a letter reached here from Progreso from the Captain, who

states that he is not allowed to communicate with the American consul, nor will the officials tell him why he has been arrested.

The Mexicans have refused to give up the schooner, having lodged a formal complaint against her for poaching.

The master of the schooner claims that he was caught in the Gulf storm of nearly three weeks ago and so badly damaged that he went into Progreso for repairs, but was seized immediately.

down Saturday looking after his turpentine interests.

S. Roe, who has been in the fishing business heretofore, has withdrawn from that occupation and joined Uncle Sam's surveying party now stationed here.

Misses May, Zelma and Eva Hayman attended preaching at Island Grove Sunday.

R. J. Tompkins of Cross Creek was in town Saturday shopping.

J. J. Haymans of Gainesville was

## BAIRD HARDWARE COMPANY

### UNKNOWN PARTIES SHOOT AT A DEPUTY

WAS PLACED IN CHARGE OF  
CROPS TO GATHER.

Sheriff Ramsey Will Investigate the  
Matter at Once to Try and  
Locate Parties.

Deputy Sheriff M. Nelson, a colored man who was placed in charge of a number of crops which were attached about four weeks since by Sheriff Ramsey, was shot at from ambush late Tuesday evening, supposedly by some of the parties that are interested in the crops.

It will be remembered that some four weeks since an attachment was sued out for the crops of McCray, Johnson, Thomas and Croxton, all negroes of the Long Pond section, and Sheriff Ramsey having no one to leave in charge deputized Nelson to look after the property and gather the crops.

Since the attachment two of the parties, McCray and Johnson, have paid up their claims and are again in possession of the places, while the other two parties, Thomas and Croxton, have failed to satisfy the claims, and Sheriff Ramsey instructed Nelson to proceed to gather and house the crops.

Acting under the above instructions the negro at once proceeded with his duties, and late on Tuesday evening he was fired upon by unknown parties, and the sheriff believes that it was someone connected with the crops. He will make a thorough investigation to discover the guilty ones.

The above section is thickly settled with colored people and is next to the Pineville section, one of the largest colored settlements in the county.

#### Slightly Colder With Snow.

When you see that kind of weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost-bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1.00 a bottle. Sold by W. M. Johnson.

#### Mrs. Patterson's Opening.

The millinery opening of Mrs. M. J. Patterson, at the New Hat Shop opposite the Brown House on Wednesday afternoon, was largely attended. Many pretty patterns and styles were displayed and the ladies expressed themselves as highly pleased with what they saw.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulets cure bilious attacks. 25 cents at any drug store.

The Sun office for calling cards.

### GOT TOO HAPPY AND BROKE UP MEETING

JERRY SIMONS NOW RESTING BE-  
HIND THE BARS.

Congregation All Tried to Phone for  
the High Sheriff at the  
Same Time.

Jerry Simons, a coffee-colored negro, raised a disturbance at the St. Joseph camp meeting, and he is now confined in the Alachua county jail, having been arrested by Sheriff Ramsey upon complaint of the members of the church.

The meeting was at its height on last Sunday when Jerry, because he was too well soaked with "old corn," decided that it was not running just to suit him, and he started a row and general mix-up, with the result that a dozen or more were all trying to reach the sheriff over the phone at the same time to tell him of the trouble and request him to proceed at once to the place.

This congregation of darkies meet every year near Archer, and it has always been one of the best and most largely attended meetings of the circuit, resulting in great good among the colored race, generally, but this season the surprise was sprung by Jerry, and he is now lamenting his troubles.

Some of the brethren are very bitter against him and are determined to push the case, while there are some who feel disposed to punish, but at the time be as light as possible, and teach him a lesson to be a better man.

A preliminary hearing will be given him in a few days before Judge Mason, unless the case is returned to the justice in the Archer district, and this is not very probable.

#### A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

#### Improving His Residence.

S. M. Davis is having an addition made to his residence on East Main street, north, which adds very materially to the attractiveness and comfort of the house and an improvement to that part of the city.

### Your Liver

Ask your doctor if he knows a better pill for a sluggish liver. Then follow his advice. He knows. C. C. Ayer & Co., Lowell, Mass.

Better stir up your liver a little! Not too much, just a little, just enough to start the bile nicely. One of Ayer's Pills at bedtime is all you need. These pills act directly on the liver. Made for the treatment of constipation, biliousness, dyspepsia, sick-headache. Sold for over 60 years.

### MAN HAS TWO WIVES BUT HE MAY GO FREE

BECAUSE OF FIRST WIFE'S LAUGH  
AND "PA" IN LAW'S REMARK.

Absence of Five Years Without Word  
or Knowledge Is Cause for  
Presumption of Death.

ATLANTA, Oct. 6.—The State Court of Appeals yesterday granted a new trial on somewhat unusual grounds to William Robinson, convicted of bigamy in the Superior Court of Lowndes county and sentenced to serve four years in the penitentiary.

The court stated that Robinson was entitled to a new trial on the ground that his statement was interfered with by the action of his first wife and by remarks made by his second wife's father while he was on the witness stand.

His first wife, who was Miss Catherine Conway, sat immediately in front of him and it is alleged during his statement laughed loudly and in a sneering manner. When Robinson said he and his second wife loved each other and would continue to live together, her father, who was in court, remarked:

"You will never do it."

Robinson married Miss Conway in 1901 and in 1908 married Miss Dora Simms of Valdosta, daughter of Ordinary Simms. Then his first wife appeared on the scene and a prosecution for bigamy followed.

In addition to the foregoing cause for a new trial the Court of Appeals practically knocks out further prosecution of Robinson unless the State can show that within a period of five years Robinson heard of his first wife or knew that she was living. It states that an absence of five years without word or knowledge of whether husband or wife is alive is sufficient to create the presumption of death.

#### HAWTHORN.

HAWTHORN, Oct. 6.—F. T. Hammond and Miss Myrtle Hammond are home again from a pleasant visit to Indian Springs, Ga., both improved in health.

Miss Lotta Littledale is visiting Mrs. N. C. Coleman at Micanopy.

Mrs. Nannie McCormick of Gainesville is visiting her mother, Mrs. D. C. McIntosh.

Mr. and Mrs. Dick Hulme attended the ice cream supper at Madison Thursday night.

E. T. Hawthorn, Jr., has sold his farm to R. H. Smith, and will move to Apopka soon.

W. S. Moore is out again from an attack of fever.

The good road builders are building a hard road from the Putnam county line to Hawthorn. It will be completed next week.

The town council, the Masons, the Odd Fellows and the Woodmen have given a contract to build a new town hall and lodge room to Andrew Carlton of Plant City. Work will begin soon. The town sold the old town hall, and the Masons the old lodge building, both of which will be converted into dwellings, as dwellings are in demand here now.

The cotton gins are running on full time and prices are good.

J. M. Shaw, north of town, has a large lot of fine peavine hay—best ever grown in this section.

#### Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

## The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

#### Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

## "BETWEEN THE DEVIL AND THE DEEP SEA"

Is a homely expression, but that is about how you stand when you lie down at night in a home that isn't protected by insurance. "Homeless" is a sad word for a man who sees nothing ahead to rebuild with. Be on the safe side and insure in the best companies.

A. M. CUSHMAN, Agent, Gainesville, Florida

## EDUCATIONAL MEETING FRIDAY NIGHT

BE HELD IN COURT HOUSE  
AT 8 O'CLOCK.

White Citizens Should Make It  
Their Business to Be Present  
at Meeting.

educational rally which is called to meet at the court house tomorrow evening should be attended by one in the city who is interested in way in educational matters. It is a question that concerns every citizen and guardian in the city and that cannot be talked of too much at the present time, in view of the fact that this is considered the educational city in the State. Excellent addresses will be made by Mr. Murphy and Capt. G. M. Lynch. It is hoped to have Senator D. U. of Jacksonville present to discuss the meeting also, and Superintendent Kelley, who is very enthusiastic about the matter, stated that one should talk the meeting and arouse a general feeling in interest of education just at this

time the schools of Alachua county have advanced more than the proportionate increase in population. They have not done what schools in other counties have done in the line of attendance, and it is safe to say only about 70 per cent of the children of the city are now found in the schools. You will be asked for any donation in attending this meeting, neither is it an up to solicit voluntary subscriptions. It is simply a move to stir up interest throughout the State. Local meetings will be held in every community.

### A Banquet

read before you would do you no if you couldn't eat. What good food do a child when as soon as enters its stomach it is eaten by worms. That's the reason your baby is ill, cross, pasty-faced and thin. Get it White's Cream Vermifuge. It expels the worms and acts as a tonic for the child. Sold by W. M. Johnson.

It's printed stationery you want. The Sun office is the place to get it.

## FREE THEATER PARTY FOR BOYS AND GIRLS

DAILY SUN WILL ISSUE TICKETS  
FOR FRIDAY NIGHT.

All White Boys and Girls Under 12  
Years Old Admitted Free to  
Baird Theatre.

The Sun has arranged with Messrs. Voyle & McCollum whereby every white child under twelve years of age will be admitted to the Baird Theatre Friday night, October 8th, free of charge. The Sun issuing the tickets on its own account.

Messrs. Voyle & McCollum are giving the people of Gainesville a first-class vaudeville and moving picture show at the Baird now, and The Sun desires to give the boys and girls an evening's pleasure at its own expense, hence this arrangement.

All over twelve years of age will be charged the usual admission.

All that is necessary to secure these free tickets is for the boys and girls to call at The Sun office Thursday or Friday before 6 o'clock p. m. and give their name, when the ticket will be issued.

Don't wait until the last moment to call for your ticket, as we must take your name when you call.

Remember that this entertainment is FREE to all boys and girls under twelve years of age.

### MARRIED IN JACKSONVILLE.

Young People of Alabama Well-Known  
In This City.

A marriage of unusual interest, and which will come as a great surprise, to Gainesville friends, was that of Miss Myrtle Reynolds of Troy, Ala., and Mr. Lon C. McCray of the same city, which was solemnized in Jacksonville, Fla., yesterday. The young couple were under age and could not obtain license in their home town, and as Cupid will have his way, they proceeded to Jacksonville, and arrived in this city last night. Mrs. McCray is a niece of S. A. Ledbetter, and has visited his family several times and has won many friends here by her sunny disposition and charming manner. She is a beautiful girl, and has a host of friends in Troy, as well as here, who wish for her a happy married life. Mr. McCray is a very popular young man, and has been holding a responsible position in Troy with one of the most prominent business men. He comes here highly recommended to accept a position with Mr. Henry Davis, in the garage.

The Sun joins the friends of this young couple in wishing them a long, happy and useful life.

### Mrs. LeGrande's Opening.

The millinery opening of Mrs. S. W. LeGrande at her handsome parlors on the north side of the square Wednesday, were largely attended. It will continue throughout today, and while a large number availed themselves of the opportunity to be present, a number will also be on hand today to inspect the handsome stock.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Frettoy, Mooseport, Conn.

### BUYERS AFTER COTTON.

Number of Outsiders Now Visiting  
Alachua for the Crop.

Outside cotton buyers are now after the cotton crop that is being stored at Alachua, and on Wednesday several of them had congregated there for the purpose of trying to purchase the stock.

Each season they congregate there in large numbers, but it is not generally so soon as this year, and the farmers will doubtless realize handsome prices for the staple.

### Doing Nice Work.

For the first time in its history the street sprinkler has been doing some effective work in allaying the dust about the city. Contrary to the usual custom of running it on the square exclusively they have gone over the principal streets as far as five blocks off, which makes it pleasant for a large number of the population as well as the traveler. It goes as far west as the G. & G. crossing, and east to Roper avenue, and north as far as Boundary street, at the same time taking care of the square and the adjoining blocks.

### FUNERAL OF DR. PHILLIPS.

All Places of Business in Gainesville  
Closed Through Respect.

The funeral of the late Dr. N. D. Phillips, who died in Jacksonville and whose remains were brought here for interment, was the most largely attended of any in Gainesville for some time, which shows the mark of love in which the deceased was held by the citizens of his old home.

During the hour of services, which were held at the Episcopal church, all places of business around the square, including the banks, closed their doors out of respect for this man who had in the days gone by been such a factor in the interests of the city.

Up to within a few years past Dr. Phillips had been a resident of Gainesville and a hard-worker for the city and community, and it was here that he spent the best years of his life, having strived hard for the upbuilding of the city and contributed largely to its enterprises.

The remains were laid to rest in Evergreen Cemetery, a large number of friends accompanying the remains to their last resting-place.

### DANDRUFF.

Falling Hair and Itching Scalp Are  
Caused by Microbes.

There is no doubt about it. Doctor Sabourand proved it when he infected a guinea pig with dandruff germs and all its hair disappeared in a short time. The entire medical world has accepted Dr. Sabourand's discovery as final. Ask any worthy physician.

Paris leads the world in knowledge of disease of the hair and remedies for the same.

And Parisian Sage which can now be obtained at leading druggists all over America is the one great remedy that kills the dandruff germs.

And that is why W. M. Johnson says to every reader of The Sun if Parisian Sage does not banish dandruff, stop falling hair or itching scalp in two weeks he will refund the purchase price.

Dandruff is the forerunner of baldness. Take care of your hair while you have hair to take care of. Kill the dandruff germs now before the dandruff germs kill your hair.

Use Parisian Sage, the guaranteed dandruff cure and delightful hair dressing.

It is used extensively by ladies of refinement because it keeps the scalp absolutely clean and gives a bewitching lustre to the hair. Price 50 cents at W. M. Johnson's, and leading druggists everywhere. Girl with the Auburn hair on every package. Made in America by Giroux Mfg. Co., Buffalo, N. Y. Mail orders filled, all charges prepaid.

### Football on Friday.

The first game of football of the season is to be played in this city on Friday afternoon, when the University squad will meet the town team. Both sides have been hard at work during the past several days and a real close and interesting game is promised. It will be played at the ball park and a large attendance is expected to be present.

### For HEADACHE—NICK'S CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's Right—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

## The Big Furniture Store

We are offering bargains the coming week at prices never before equaled in Gainesville.

Look through the locals—read our ads. and be convinced—then see if you are willing to take advantage of these prices.

We merely mention while passing along the road of prosperity a few of these many bargains which you would do well to consider before buying elsewhere. Look through the great advertising medium (The Sun) for our bargain ads. and be one among the many of our satisfied customers.

213 W. Main Street, S. Telephone 219

The Daily Sun, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, Gainesville, Florida.

The City Council may deem the matter of no importance, but the taxpayers of Gainesville would like to see a concise statement of receipts and expenditures, showing just what has been done with their money. More than one taxpayer has remarked to the editor during the past week that they did not consider that they were receiving proper return for the taxes they paid, as the city is poorly lighted, no police protection afforded off the public square to speak of, and all improvements in the way of sidewalks were made at the expense of property owners, as well as two-thirds the expense of paving the only two decently paved streets in the city.

The announcement that President Gomez has secured "a complete understanding" with all newspaper publishers of Cuba may or may not be a cause for congratulation. If it means that he has succeeded in muzzling the Cuban press, his success is to be regretted. If it means only that he has secured assurance of fair play and honest criticism, he has achieved an important result. But even more important to Cuba is fair treatment from the press of the United States, which has been liberally used for the foment of trouble in Cuba and for the understanding of American confidence in the Cuban experiment. The government of Havana recently issued an appeal to the American newspaper for fair play.

Another Pennsylvania penitentiary reports increasing insanity among its prisoners, due, it is believed, to the enforcement of the State law which makes it possible for only 35 per cent of the prisoners to be kept in daily employment. Three hundred cases of tuberculosis in the Riverside prison, now charged to unsanitary conditions, may be due to lack of proper manual labor or exercise. Labor is essential to healthy life. Men who have been committed to prison do not forfeit their right to work, and while it is desirable to minimize the unfair competition of prison labor with the product of free workers, the humane responsibilities of government require that opportunity for healthy labor shall be provided for those over whom the State assumes charge.

The shortage in the cotton crop, whatever its economical influence on our export trade may be, says The Financial World, will not effect the prosperity of the South in a general way. While here and there will be planters whose earnings on this year's crop will be reduced, their loss will be partially made up by higher prices. A most significant indication of the South's prosperity is found in the excess business the iron mills and other of its great industries are taxed to provide for. In the Birmingham district the iron mills are refusing orders, except from regular customers, and have advanced their prices a number of times this year. This certainly does not portend that the South will suffer in its share of prosperity. But that is all due to the South divorcing itself in the past few years from one staple and diversifying its energies.

## THE GAME LAW.

Our Melrose correspondent requests The Sun to publish the game law for information of the people of the county. The last Legislature made no change in the game law of a general nature but several acts of a special nature were passed, particularly as to Marion and Levy counties, but these laws are too lengthy to permit of publication in The Sun.

The game law as it applies to Alachua county, which is the general statute, makes it unlawful to hunt, kill, chase, molest or have in your possession any wild deer except during the months of November, December and January. Venison or deer hides cannot be sold, exposed for sale or transported for sale.

Persons are prohibited from hunting, killing or having in their possession any wild turkey, quail or partridge except during the months of November, December, January and February, and no person shall kill more than two wild turkeys or more than twenty quail, and no party of two or more persons shall kill more than four wild turkeys or more than forty quail in any one day; no person shall kill more than five wild turkeys in any one year. The sale of quail, turkeys and partridges is absolutely prohibited, and no person is permitted to ship any deer, deer hide or hides, venison, wild turkey, quail or partridge beyond the limits of the county in which the same were killed. Persons may take their game home with them when the same is killed in another county than where they reside.

All persons who are not citizens of this State must pay a license of ten dollars to the clerk of the circuit court before they shall be permitted to hunt in this State, which license is only good for the county in which it is issued.

Ducks cannot be killed between the first of April and first of October.

It is unlawful to have in your possession, living or dead, or to catch or kill, any wild bird other than a game bird, at any time of the year, game birds being particularly designated as geese, coots, plovers, surf birds, snipe, woodcock, sand pipers, tatters, curlews, river and sea ducks, brant, rails, mud-hens, wild turkeys, grouse, prairie chickens, pheasants, partridges, quail, turtle doves, tame and wild pigeons and robins. No person shall molest or destroy or have in their possession the nests or eggs of any wild bird. Persons are permitted to kill birds destroying their crops, and to keep in a cage redbirds or mockingbirds for their own pleasure, but the same shall not be sold or shipped out of the State.

The penalty is severe for violation of any of the sections of the game law.

## SELECTING SEED CORN FOR LARGER YIELDS.

Selecting seed corn should be done after the ears have thoroughly matured and before cold weather approaches, says The Raleigh (N. C.) Progressive Farmer. If possible, selections should only be made from healthy, vigorous growing stalks on which the leaves and tops have been allowed to remain until the full maturity of the plants. If the ears are harvested by hand in the usual way, then let the seed corn be selected from the field just before this operation and select ears from stalks which are bearing the most shelled corn per stalk, as such seed when planted will lead to better yields.

Any method of seed selection that does not take the plant as a whole into consideration is not going to lead to the best results; for the stalk and leaves, which are the manufactory of the plant, determine to a considerable extent the size and quality of the ears. In all our results it has been observed that those varieties which have generally been the best yielders are those which produce more than one ear per stalk. Ears of medium length and size are preferable to the long and large ones, because the latter were generally produced on stalks that bore but one ear, or else on stalks that grew on some fertile spot in the field, neither of which tends to the greatest yields. Seed from corn grown on average land will do better planted on land of medium fertility than will seed from corn grown on rich land, for the same reason that stock accustomed to poor conditions will do better on an inferior pasture than stock accustomed to more favorable surroundings.

Maryland celebrated the 100th anniversary of the birth of Admiral Raphael Semmes. To the younger generation Semmes is only one of the minor figures of the Civil War. In 1862, however, his name was one of terror to the North. With the "Alabama," which was fitted out under British auspices to prey upon merchantmen of the loyal States, he inflicted losses estimated at \$15,500,000 by the Geneva Tribunal. Small wonder that Motley wrote, after the "Alabama" was destroyed: "The sinking of the 'Alabama' by the plucky little 'Kearsage' will occasion great glee everywhere at home. I can almost hear the shouts of delight at this distance."

Announcement in "The Railroad Age" of the construction of an electric locomotive for experimentation on the New York & New Haven railroad, calculated to draw a freight train weighing 1,500 tons thirty-five miles an hour or a passenger train forty-five miles an hour, is another indication of the progressiveness of the management of this road. The contemplated extension of its electric system of Boston will require the perfection of electrical motive power, and this single experiment may do much to hasten the ultimate general electrification of railroad systems, an advance which experts in railroad matters believe to be not far distant.

## Catarrh Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

## NEWS FROM ALL PARTS OF FLORIDA

The Pensacola Board of Safety has charged two more policemen for good of the service.

Law has returned from his vacation and is again at his editorial in The Bartow Courier-Information Office.

Mrs. Mary E. Reams, one of Orlando's oldest and most highly esteemed residents, died at her home in that city on October 5th.

Permits were issued in Tampa for the construction of buildings to the value of half a million dollars.

The assessment roll of St. Johns county for State and county tax purposes amounts to a total of \$3,463,481. This is an increase of only \$20,311 from the assessment of last year.

Pensacola is making preparations for a big tri-county fair to be held between 9th to 12th. Pensacola has a way of making everything "go" she holds of and the coming fair is already an assured success.—Bonifayvertiser.

The equalization board of Jacksonville has denied most of the petitions of property owners for reduction of assessment valuations for taxes. The board raised valuations enormously in some instances and there is a complaint against their action.

More than four hundred happy faces lined up on the actors at The Independent's theatre party in St. Petersburg last Friday night. The editor says that it was not an elaborate or costly affair, but it was wholehearted on all sides, and demonstrated again how little it takes to make us have a royally good time if we have the wit.

Cash to the amount of \$38, a lot of valuable papers, and several articles of fine clothing were stolen from guest's room at Hotel Escambia, Pensacola, some time Sunday night. The fact was reported to the police station and Special Officer Ray was called upon the case. He has arrested and jailed a negro named Frank Thomas, formally charging him with the theft in an affidavit placing him in the dangerous and suspicious class.

Capt. Hobart Crabtree with two government house boats has reached Hillsboro Inlet on his way North. Capt. Crabtree has charge of the party of Government engineers surveying route for inland canal from Miami North. The party will soon reach Palm Beach and will reach Cocoa in the spring, where it will meet Capt. Crabtree's party which is southward bound from Fernandina on the same survey. When the parties meet they will probably proceed to Miami and

## WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

survey route from Miami to Key West. Capt. Crabtree's party consists of fourteen men and left Miami August 20, 1909. In addition to this canal along the coast there are several parties out in the field surveying routes for a canal across the State and in the event of its completion it will mean great things for some of the inland cities of Florida.

Escambia county officers have been punishing the bullbat shooters so severely that they are likely to become discouraged. The only reason that the shooting of these useful enemies of the mosquitoes and other troublesome insects has been popular to any degree is that it is an excellent test of marksmanship to wing such small birds in their wavering flight, and there are many less harmful ways of showing one's skill with the shotgun.—Jacksonville Times-Union.

Tampans are delighted to welcome C. P. Fuller, one of the most prominent business men of Ellenton, as a resident of this city in the future. Mr. Fuller has lived in Seattle for the past two years and returned to Florida only a few days ago. In the Northwest he was engaged in mining with wonderful success, and having gained as much of this world's goods as he needs, has returned to Florida as the greatest place in the whole world to live. While Mr. Fuller will make his residence in Tampa, he will have a very important business in Ellenton, where he will go often to look after it. Two years ago he was in failing health, and decided to go West and lead an outdoor life in search of health. He returns completely restored to his former self, benefited physically and materially by his stay. He will make this city one of its most valuable citizens.—Tampa Times.

**For Feverishness and Aching**  
Whether from Malarious conditions, colds or overeating, try Hicks' Capudine. It reduces the fever, and relieves the aching. It's liquid—10, 25 and 50 cents at drug stores.

**Travel is Increasing.**  
For the past week through travel has been increasing and trains Nos. 39 and 40 on the A. C. L. railway have had to carry an extra coach in order to accommodate the business. Local travel is also picking up and all ticket offices in the city report an increase in the sales.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

The Sun office for calling cards.

## MICANOPY.

MICANOPY, Oct. 5.—The Florida Railroad Commissioners, Hons. R. Hudson Burr, Newton A. Blitch and Royal C. Dunn, met the citizens here Monday for the purpose of hearing complaints in reference to better railroad service. Mr. Riddle, general superintendent, H. O. McArthur, division superintendent, and Mr. Sparrow, chief engineer of the A. C. L. Railroad Company, were present. After discussing the question at length an agreement was reached that will be satisfactory to the people of Micanopy and surrounding country.

Rev. H. M. Long, pastor of the Baptist church here, will begin a series of meetings at the Baptist church Tuesday, October 12. He earnestly desires the co-operation of all in these services.

Mr. and Mrs. M. E. Lawrence have returned from a few days' visit to Crescent City.

Messrs. V. P. Smith and C. R. Curry of Wacahoota were in town yesterday.

The public school here is doing nicely under the leadership of Mrs. Anna D. Trussler.

The farmers of this section are in need of rain in order to get their vegetables ready for the fall markets.

Some of the sportsmen are having good luck shooting ducks. One party brought in twenty-two for one morning's sport.

W. C. Smith, the guava jelly man of Tacoma, was in town this morning. Mr. Smith finds it almost impossible to fill the many orders he has for his jelly.

N. B. Mott has returned from a few days' outing at Worthington Springs.

## BONNIE MELROSE.

MELROSE, Oct. 6.—Rev. T. L. Z. Barr, assisted by Rev. Dr. McCall of White Springs, is conducting a series of revival meetings during the present week. Services at 10 a. m. and 7 p. m.

Senator W. E. Baker has returned from Valdosta, where he has been for treatment for the past two months. He is still very weak.

Your correspondent was misinformed about the arrival of lumber for the public motor dock. It is for the new barge of the Santa Fe Transportation Co., which will be used to remove the water hyacinths in Lake Alto.

There will be a cemetery cleaning on Saturday, October 9th. All interested are invited to bring dinner and assist in the good work.

A. A. McRae has returned from a business trip to Jacksonville.

Mr. and Mrs. C. Yearwood entertained a number of their friends at a launch party on the lake on Saturday night.

## GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. S. Bodiford & Co., Special Agents.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Poughkeepsie, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

## FOR SILVER SERVICE.

## Board of Trade Takes Action to Secure Funds.

At the suggestion of Mayor Davis, the Gainesville Board of Trade have taken up the matter of raising funds for the purpose of a silver service for the battleship Florida.

Parties desiring to contribute to the fund can notify B. F. Hampton, who is secretary, and the amounts will be credited. Following is the list of contributions up to last night:

B. F. Hampton	\$ 5.00
B. R. Colson	1.00
Shields Warren	1.00
H. S. Chubb	1.00
E. E. Cannon	1.00
J. B. Arnold	1.00
W. R. Thomas	1.00
W. W. Hampton, Jr.	1.00
E. D. Turner	1.00
H. P. Robinson	1.00
R. Harper	1.00
T. W. Shands	1.00
W. H. Anderson	1.00
R. G. Zetrouer	1.00
J. W. Blanding	1.00
E. G. Baxter	1.00
Dr. Geo. S. Waldo	1.00
Phifer Bros.	1.00
Geo. K. Broome	1.00
Dr. H. C. Spencer	1.00
Hon. Frank Clark	1.00
Geo. Glass, High Springs	1.00

Contributions to the above fund will be received from parties residing at any point in Alachua county.

## NO QUORUM PRESENT.

## Council Failed to Have Number and Adjourned Meeting.

The meeting of the City Council adjourned for last Tuesday evening failed to materialize, owing to there not being a quorum present.

There was considerable unfinished business to come before the meeting, but an adjournment was made until next Thursday evening, when this will all come up for hearing.

## A One Volume Man.

A curious example of generous obstinacy was a stout English countryman who inquired for a nice book to read—"one with a story in." On several being placed before him, he examined them attentively and picked out the middle volume of a "three decker" with the remark: "This 'ere's my sort. What's the price?"

"Oh," was the reply, "this is only the second volume. The story goes through three. The set is half a crown."

"Hauve a crown! Well, I'll gie ye that for that one book. It's a pretty one enough."

"But won't you have the other two as well? You'd better."

"Naw. I don't like th' beginnin' of a story. I can't get forrard wi' it. An' I don't like th' endin'. I don't know as 'ow it's comed about. But in th' middle un I'm into th' thick of it right off. No, I'll tak' th' middle un. It'll set me up for a month." And, cramming the book into his pocket, he put down his half crown and disappeared with a "Good night" before the other volumes could be given to him.—Chambers' Journal.

## Got the Hard Stuff.

Jedson—Ha! Ha! Ha! Silas—What's the joke, Jedson? Jedson—Why, just as soon as the county went prohibition old Hiram Hardapple got buccooed. Silas—What was the game? Jedson—Why, Hiram got a circular that stated some firm up in town would send him a keg of hard stuff for \$2. Hiram sent the \$2 and smacked his lips. Silas—Gosh! And what came back? Jedson—Scrap iron, and they said if that wasn't hard enough they'd send him a keg of spikes at the usual rates.—Chicago News.

## Sorry He Spoke.

"I was a fool when I married you." "But you're wiser now?" "You can bet I am." "Well, I've improved you a little, then, haven't I?"—Cleveland Leader.

## He Was Trusty.

Mrs. Handout—I would like to know whether you are a trustworthy character. Dusty Stryper—Why, lady, at the last place I worked they called me a trusty.—St. Louis Republic.

For a clear head, a stout heart and strong mind, DeWitt's Little Early Risers, gentle, safe, easy, pleasant, little pills. DeWitt's Carbolic Witch Hazel Salve is unequalled for anything where a salve is needed, and is especially good for Piles. Sold by all druggists.

## INDIGESTION?

## FOR CITY MARSHAL.

To the Voters of the City of Gainesville: A special election having been called on Tuesday, October 19, for the election of a Marshal to succeed Ben T. Arnow, resigned, I beg to announce that I will be a candidate for that office, and ask the support of my friends. Being thoroughly experienced along the line of police work, which has been gained by a practical experience, and being now acting Marshal, if my action in this capacity meets your approval, I ask your votes to be continued in office. Sincerely, HARRY L. OWENS.

I respectfully announce myself a candidate for City Marshal at the special election to be held on October 19th. I am in the race until the polls close on the day of the election, and respectfully solicit the votes of my fellow-citizens, promising, if elected, to perform the duties of the office without fear or favor. Give me your support, and you will never have cause to regret it. CHAS. M. DELL.

## A Practical Demonstration.

"The best way to study nature is to go right to it."

"I suppose so."

"Oh, I know it. I was once disposed to doubt the industry of the ant, of which so much is said."

"And you learned better?"

"I did. I had a controversy with a naturalist over the question, and I thought I had him beaten until he gave me a demonstration."

"Took you out and showed you the ants at work, did he?"

"Well, not exactly that, but he took me along on one of his scientific expeditions and then maliciously pitched my tent over an ant hill. By the time I discovered what was happening the conviction was forced upon me that ants are really and truly industrious. They are small, but they made me move, and some of them went right along with us to the next camping place."—New York Times.

## Under Examination.

"Do you know the prisoner well?" asked the attorney.

"Never knew him ill," replied the witness.

"Did you ever see the prisoner at the bar?"

"Took many a drink with him," was the reply.

"How long have you known this man?"

"From two feet up to five feet ten."

"Stand down," yelled the lawyer in disgust.

"Can't do it," said he. "I'll sit down or stand up."

"Officer, remove that man." And he did.

## ...PREPARING FOR CANE-GRINDING...

By C. K. McQuarrie, Florida Agri. Experiment Station  
Press Bulletin No. 125

The proper preparation of the cane crop for grinding cuts quite a figure in the net result of the syrup-making. Cane intended for syrup should be allowed to grow as late in the season as possible. There is often rivalry among farmers in certain communities as to who will have the first of the season's syrup on the market, and the crop is often cut weeks ahead of the time it should be cut. Syrup made from immature cane is of an inferior quality in every way. We have then a poorer quality in the first syrup on the market than we get later on when the crop is properly matured. Throughout northern and western Florida, the middle of November is early enough to cut the crop. Should a slight frost occur before that time it will not damage the cane for syrup-making purposes.

## Stripping

Stripping can be done any time after the first of October, and any odd time at the farmer's command can be devoted to the job. There are several good tools for this purpose on the market, and if the acreage is large it pays one to buy these; but for the ordinary cane patch on most farms, a piece of hoop iron will be found to do good work. All dead leaves should be completely removed up to the first immature joint, and particular care exercised that everything in the shape of trash be completely cleared away from the roots, so that the stalks can be cut very close to the ground; for the sweetest part of the cane is that next the ground.

## Topping

This operation has quite an important bearing on both the quality and quantity of the syrup. If we cut close to the mature joints and leave no green joints for grinding, we are apt to be troubled with sugaring of the syrup. The green or immature joints contain glucose which tends to prevent this sugaring, so one or two immature joints should be left when topping. The number of green joints left depends on the length of the canes. As a general rule to go by, one may leave a green joint for every ten matured ones, on ordinary-sized canes.

## Cutting

When we come to the cutting, we want to use a sharp tool that will make a clean slanting cut. Why slanting? Because if otherwise the butt of the stalk will be more or less splintered, and if laid away for some time before grinding, that joint will have some sour sap in it, which we do not want. The ordinary cane knife is not a good tool for cutting down cane, in that it can not cut close enough to the ground. A light well-sharpened hoe will be found the best for this purpose, and handled by a man who knows how to use it, will do excellent work. There should be two hands working together, one cutting down the canes, and the other removing the cut canes out of the way. This saves time.

## Windrowing

What is meant by this expression is the laying away of the cut cane in rows or piles to wait until grinding time. Quite a number of our syrup-makers do not practice this—they grind as they cut. But where a large acreage is grown, it is impossible to get enough help to keep the cutting and grinding going at the same time; so the crop has to be laid away and covered up with leaves and trash to keep out the cold. In laying it away, unless the crop is an extra heavy one, piles containing about 600 canes each are recommended, laid as smoothly as possible, and well covered to protect them from frost.

Grinding immediately after cutting is not to be recommended, let the crop be large or small. Syrup made from cane laid away for a month or two is superior to that made from new-cut cane. The sap seems to mature, and it takes less of it to make syrup. For instance, it will require ten gallons of sap from newly cut cane to make one gallon of 34 degree syrup; while seven gallons of sap, from cane windrowed for two months, will make one gallon of syrup of a superior quality to the other, providing the cane has been thoroughly protected from cold weather.

## TELEPHONE TALKS

## The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

4 Per Cent Paid in  
Savings Department

L. M. Scarborough left last night for a short business and pleasure visit to Micanopy.

Herman Roege of Tallahassee arrived this week and entered the University of Florida.

When in doubt just follow the crowd—it will lead you straight to the Brown House.

H. M. Moran of Campville was in the city yesterday and renewed his subscription to The Sun.

O. B. Weeks, the genial tonsorial artist of Waldo, was transacting business in the county capital yesterday.

Mrs. Smith of Lawley is in the city, the guest of her friend, Mrs. W. J. McCormick, on West Main street, S.

L. R. Woods of Tampa, who came here to attend the funeral of the late Dr. N. D. Phillips, returned to his home last night.

C. W. Sprouell of the Gainesville Hardware Company left last night for a business visit to Micanopy in the interest of his firm.

Mrs. Albert F. Roux and daughter, Miss Janette, of Norfolk, Va., are in the city, guests of Mrs. Robert E. Davis, South University street.

The Baird Hardware Company have an increased space in today's Sun telling about the Darling Range. Read what they have to say in their space.

Attend the Opera House tonight—admission 10 and 20 cents. Besides the illustrated songs, one of the best vaudeville acts of the season, with Reggie Futch.

Chas. Pinkoson has just returned from a trip to Citrus and Hernando counties, where he has been for the past several days in the interest of the Coast Line.

Vernon Chitty of Micanopy was among the visitors to the city yesterday. He says things are lively in that place and business is good with all of the merchants.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

J. M. Powell, proprietor of the Sheffield House at Alachua, was a visitor to Gainesville yesterday. He says that the place is lively now owing to so much cotton being sold there.

Call at The Sun office today and get your free ticket for the Electric Theatre tomorrow night. It is The Sun's treat, and all children under 12 years of age are welcome to the tickets.

S. J. Gunn of Otter Creek, president of the Gainesville Hardware Company and general manager of the Otter Creek Lumber Company, was a business visitor to the city yesterday.

Reggie Futch in vaudeville, together with illustrated songs, are all to be seen at the Electric Theatre this evening. Admission only 10 and 20 cents, and you are sure of being well entertained.

The Philatheas and Baracas of the Methodist church will tender a reception to the faculty and students of the University at the White House on Friday evening, October 8, from 8:30 to 10:30 p. m.

J. B. Coarsey, representing Le Roy Myers & Co., is in the city interviewing the trade. He has a number of friends here who are always pleased to meet him, and are glad he is still selling the goods.

Capt. J. J. Barr, one of the prominent citizens of Micanopy, was a visitor to Gainesville yesterday. He has a large crop of oranges which will soon be going forward to the Northern markets, and he hopes for a good market.

Car grapes, 2,000 baskets, wholesale 16 cents basket, retail 20 cents. Apples, 40 cents peck. Oranges, 20 cents dozen. Malaga and Spanish grapes, 20 cents pound. Tomatoes and all kinds of fruit at low prices. N. Francisco.

The regular business meeting of the J. J. Finley Chapter, U. D. C., will be held at 3:30 o'clock this afternoon at the residence of Mrs. A. R. Harper, 106 S. Arredondo street. A full attendance is requested. Mrs. J. L. Kelley, president; Miss Amelia Adamson, recording secretary.

J. N. Partin of Newberry was a visitor to the city yesterday. He is the efficient blacksmith and wheelwright of that place and states that he is doing a most excellent business just at this season, but thinks that times will be still better a little later on, as all the mines are soon to resume operations and money will be plentiful in his city.

### REGGIE FUTCH COMING.

Will Fill the Bill at Baird Theatre Tonight.

Reggie Futch, an old Gainesville boy who was last season connected with Coburn's Minstrels in the grand first part, also the olio, is to appear at the Baird Theatre for the next three nights, commencing this evening, and it is useless to say that the house will be well packed on these occasions.

He gained considerable notoriety as a stage artist while he was here and his services were sought by many of the adjoining cities. He is known to be a good artist, never failing to please his audience, and his coming to Gainesville will be hailed with delight by his many admirers.

Reggie is a young lad, but has had remarkable experience, and will give the citizens one of the best vaudeville bills they have had since the inauguration of the vaudeville with moving pictures.

Miss Elvira of Dade City arrived yesterday on a visit to her friend, Mrs. S. A. Ledbetter.

Mrs. D. L. Jones of Jacksonville was in the city yesterday on business connected with the clerk's office.

The regular monthly business meeting of Kirby Smith Chapter, U. D. C., which was to be held today, has been postponed until next Thursday.

Mrs. Chas. H. Wilkins, nee Miss Nettle Roux of this city, and Mrs. Chas. L. Wilkins, of Norfolk, Va., have arrived in the city and will remain here several days as guests of Mrs. Robert E. Davis.

Mrs. B. F. Hampton, who has been absent for the past several months visiting various sections of the country, principally New York State, returned home yesterday, much to the delight of her host of Gainesville friends.

Congressman Frank Clark and wife returned yesterday from a visit of several days to Jacksonville and other points. They were accompanied home by Miss Helen Abney of Jacksonville, who will be Mrs. Clark's guest for the next several days.

The Gainesville Hardware Company are advertising the fact that their stock of football goods has arrived, also tennis balls, tennis nets and tennis shoes. In fact, they have added a complete line of athletic goods and can now fill all orders, large or small.

Look at Me—I am full on fruit. Now is the chance for everybody to eat fruit. I am behind the trust. I am the trust-buster. Car bananas, 700 bunches, fine fruit, from 5 to 10 cents dozen, 50 to 75 cents bunch. Free delivery. Guarantee satisfaction. Phone 223. N. Francisco.

W. R. Witherspoon of High Springs is in the city on a few days' visit to his mother, Mrs. S. M. Witherspoon. "Ray" has now become a full-fledged mechanic and holds a responsible position in the shops at High Springs. He is often detailed on special work, both at St. Petersburg and Palatka.

You need not be troubled in any way with the stomach, if you will simply take Kodol at those times when you feel that you need it. Kodol is guaranteed to relieve you. If it fails your money will be refunded to you by the druggists from whom you purchase it. Try it today on this guarantee. Sold by all druggists.

Mr. Robert E. Davis, one of Gainesville's prominent attorneys, was a visitor here Tuesday and was registered at the Ocala House. He gave our Government building an inspection and praised its construction. He says that Gainesville's building will be somewhat more ornamental, but that it will not be more substantial.—Ocala Banner.

R. O. Eagle, the factory expert tuner and repairer of organs and pianos who made his home here several years ago, is again in the city with the A. R. Harper Piano Company. He is considered one of the best and finest workmen that has ever been in the State in his line. For tuning, repairing and regulating leave your orders with the Harper store, opposite the postoffice.

Most women are troubled with kidney complaint, and you know very many serious and even fatal diseases result from these neglected kidney troubles. If you will take DeWitt's Kidney and Bladder Pills as directed, you may be confident of good results. Try them and see how really good they are. Beware of imitations, pills that are intended to deceive you. Be sure you get DeWitt's. Sold by all druggists.

## COUNCIL HOLDS A LENGTHY SESSION

### STREET WORK ORDERED DISCONTINUED BY CITY DADS.

Regular Monthly Payment of Bills Included the Usual Large List.

The City Council met in regular session Monday evening, October 4th, with President Broome, Aldermen Burnett, Colclough, Goodwin, Graves, Phifer, Pound, and Clerk Dell present. Alderman Burnett moved to transfer \$1,234 from the waterworks expense fund to the water bond fund; which was carried.

Alderman Colclough moved to waive the rules and pay the bill of T. B. Ellis for \$1.80 out of the waterworks expense fund; carried.

Mrs. Owens reported \$106.75 collected during the month of September, and former Marshal Arnow reported \$44.60 collected by him. Colclough reported \$11.25 for licenses, and \$91.45 on water rents.

The following bills were ordered paid: From waterworks expense fund: Crosby Steam Gauge & Valve Company, \$73.53; Lynch & Co., \$16.90; L. C. Gracy, \$62.50; Ned Williams, \$9; B. F. Miller, \$180; Crandell Packing Company, \$4.20; Silas Watson, \$1.25; Gainesville Planing and Coffin Co., \$17.10; Daily Sun, \$8.50; Gainesville Hardware Company, \$14.58; H. Muller Mfg. Co., \$3.59; B. E. Tallant, 65 cents; J. E. Pultz, \$1.84.

From Fire fund: J. A. Naftzger, \$4; Gainesville Hardware Company, \$5 cents; Brown-Jenings Hardware Company, \$2.40; Gainesville Gas and Electric Power Company, \$6.25; J. W. Cardy, \$2.25; G. S. Merchant & Co., \$47.31; Benson & Son, \$1.40; J. E. Moyers, \$55; L. D. Jernigan, \$40.

Special Street Fund: A. W. Taylor, \$23.50; Phifer & Morris, \$2.50; S. M. Davis, \$24.50; Gainesville Hardware Company, \$12.65; Crawford & Davis, \$105; Benson & Son, \$1; Oliver & Co., \$9; C. M. Dell, \$84.64; T. L. Boulware, \$5.77; Adam Maddox, \$6; C. M. Dell, assignee, \$111.

Alderman Phifer moved to waive the rules and pay the bill of S. A. Ledbetter for \$17.55. On roll call President Broome, Aldermen Colclough, Goodwin, Graves and Phifer voted aye, Aldermen Burnett and Pound voted no. Carried.

Alderman Pound moved to refer the bill of Crawford & Davis for sprinkling to the street committee with power to adjust. Carried.

The petition of citizens on West Liberty street asking for a fire alarm was referred to the fire committee with power to act.

Alderman Colclough moved that the light committee be instructed to place a light on Masonic street between Pleasant and Arredondo streets. Carried.

The communication of the Board of Public Works regarding the use of the hospital fund, was upon motion of Alderman Phifer, referred to finance committee.

Alderman Phifer moved that the communication of the Board of Public Works handing in certificates be adopted and the same be made a part of the minutes. Carried.

"Gainesville, Fla., Sept. 20. President City Council.

"By direction of the Board of Public Works, I have this day paid and advanced special assessment city certificates Nos. 11 and 12 issued by the first day of August, 1907, for \$500 each with accrued interest thereon. I hereby return the same for cancellation. Yours very truly,

"W. W. HAMPTON, Secy. Board of Trade."

"Gainesville, Fla., Sept. 25. G. K. Broome and Members of City Council.

ed, the Board of Public Works hand you herewith the following special assessment city certificates, to wit:

"No. 3, for \$2,350, dated April 8, 1907, issued for construction of sidewalks, curbs and gutters on Franklin and church streets.

"No. 4, for \$2,350, dated April 8, 1907, issued for construction of sidewalks, curbs and gutters on Franklin and Church streets.

"No. 17, for \$335.42, dated Nov. 11, 1907, issued for the construction of house branches and connections of same with sewer main.

"No. 22, for \$1,000, dated March 16, 1908, issued for paving East Main street. We request the cancellation of these certificates.

"Very truly yours,  
"W. W. HAMPTON,  
"Secy. Board of Trade."

Alderman Goodwin moved that the Board of Public Works be instructed to mail bills to all persons indebted to the city, and if not paid to proceed to force the collection of same.

Alderman Phifer moved that the city suspend all street work until some definite plan of operation for permanent street building be agreed upon by the council, and that the entire street force and teams be discontinued except the two trash wagons, and that they be put under the control of the marshal, who shall see that they are kept busy where most needed, under the direction of the street committee.

Alderman Pound moved as a substitute that the matter of street work be referred to the street committee to formulate some definite plan to carry on the work. Vote was taken by roll call on the substitute, when President Broome, Aldermen Burnett, Goodwin and Phifer voted no, and Aldermen Colclough, Graves and Pound voted aye. Motion lost. The original motion was carried.

Alderman Burnett moved to refer the condition of the up-stairs over Fagan & Co's. store to the fire committee with power to act. Carried.

Alderman Graves moved that the communication of the Baird Hardware Company be received, recorded on the minutes and referred to the city attorney for his written opinion by the 18th inst. Carried.

"Gainesville, Fla., Aug 13, 1909. "Hon. G. K. Broome, Pres. City Council.

"Sir: Relative to the material supplied the city during the month of July, aggregating \$186.39, payment withheld account connection of W. T. Pound with city government as well as being an officer of this company.

"Give us an order on Georgia Vitrified Brick and Clay Company, Augusta, Ga., for 130 feet No. 1 18-inch vitrified sewer pipe and 350 feet No. 1 12-inch vitrified sewer pipe. Upon acceptance of this order by the firm named, we will cancel our claim against the city for the amount we charged for the same quantity of pipe of size enumerated. The 12 and 18-inch pipe supplied by us from the makers named, for which reason we would only accept replacement by them. Very respectfully,

"BAIRD HARDWARE CO.  
"W. B. TAYLOR, Vice-Pres."

Alderman Colclough moved that the committee to whom was referred the claim of Col. Sanchez be granted until the 15th inst. to adjust same. Carried.

Alderman Colclough moved to adopt the printed rules in the pamphlet of 1909 as they stand. Carried.

Alderman Colclough moved to adjourn until 7:30 p. m. Tuesday evening. Carried.

### Mrs. LeGrande's Opening.

The millinery opening of Mrs. S. W. LeGrande at her handsome parlors on the north side of the square Wednesday, were largely attended. It will continue throughout today, and while a large number availed themselves of the opportunity to be present, a number will also be on hand today to inspect the handsome stock.

Isn't there something which only a

## COTTON CONDITION LOWEST FOR YEARS

### WEATHER AND FINANCES COMBINE TO PRODUCE RESULT.

Average Sept. 25 Was 58.5, Compared With 69.7 Last Year and 67 for Ten Year Average.

WASHINGTON, D. C., Oct. 5.—The most unfavorable report on the condition of the cotton crop issued by the Department of Agriculture at this season of the year for many years was made public yesterday. Financial and weather conditions combined to make the report unfavorable.

Yesterday's official report indicated that on September 25 the condition of the cotton crop was only 58.5 per cent of normal, as compared with 63.7 per cent on August 25, 1909; 69.7 on September 25, 1908; 67.7 on September 25, 1907, and 67 per cent on the average for ten years on August 25, 1909.

After the announcement by the Department of Agriculture of the figures recording the average for this month, Dr. S. A. Knapp, chief of the cooperative demonstration work for the Department of Agriculture in the South, after the conference with Secretary Wilson, said that the serious falling off in the figures, especially for Louisiana and Mississippi, were due to two conditions.

### Causes of Deterioration.

One was the excessive rainfall in the early part of the cotton crop season, followed by a serious drought, and the second was the failure of cotton planters to order advances on their crops from bankers. The latter reason forced the planters to dismiss a considerable part of their labor at a time when the boll weevil was a most serious pest. Dr. Knapp stated that another reason which induced a falling off in the general average of Louisiana was that there was practically thirty per cent less of acreage in cotton than in previous years.

The boll weevil did serious damage during the past year in the southwestern quarter of Mississippi.

"In my opinion," said Dr. Knapp, "the really serious trouble which applies to all the cotton States was brought about by the excessive rainfall in the early part of the season and the excessive drought in the latter part. In some of the States planters scarcely could obtain water enough for their live stock. This was particularly true of Texas and Oklahoma. What is known as the New Orleans storm, which passed up through portions of Louisiana and Western Mississippi, blew out immense quantities of cotton, and served seriously to detract from the excellence of the crop."

### Wilson Won't Talk Cotton.

Secretary Wilson declined to make any statement regarding the figures given out by his department. He said that he would talk about the wheat crop, about the condition of cattle in the West and about almost anything else but cotton. He said that Dr. Knapp knew more about the cotton crop from practical observation of conditions in the South than any other man in the department, and had nothing to add to the statement made by him.

Comparison of conditions by State follows:

States	Sept. 25, 1909.	Sept. 25, 1908.	10-year average.
Virginia	71	78	75
N. Carolina	70	69	70
S. Carolina	70	68	69
Georgia	71	68	69
Florida	67	72	71
Alabama	62	70	67
Mississippi	53	70	68
Louisiana	39	55	67
Texas	52	71	63
Arkansas	54	70	67
Tennessee	48	73	72
Missouri	72	70	74
Oklahoma	50	73	69

### CALVERT SMITH.

Alachua County Boy Makes Great Reputation as Cartoonist.

The Times-Union has sustained a very serious loss in the departure of Calvert Smith, who has, for several years, contributed the daily cartoons to that paper. Mr. Smith, beginning as an amateur, rapidly developed a wonderful talent and his close acquaintance with men and affairs in Florida gave him an equipment for his work which, coupled with his talent, soon made him a noted newspaper artist. His cartoons have been copied in the leading journals and magazines of the country and they constituted a feature of The Times-Union second in interest to no other department of the progressive daily. Mr. Smith has heard the call of the larger fields and, to the regret of everybody who knows and reads The Times-Union, has gone to New York to do magazine work. The Times-Union will find it well-nigh impossible to fill his place, but it may be that, like Charles Dana Gibson, who quit the pen-and-ink work in which he excelled to try painting, he will return after a time to his first love and again delight Floridians.—Tampa Tribune.

Calvert Smith was reared in Alachua county, near Micanopy, and while his numerous friends in this section will greatly miss the interesting cartoons which he has been making for The Times-Union, they all rejoice that his talent in this line has been recognized by the best critics of the country.

### MELROSE NOTES.

MELROSE, Oct. 4.—Mr. and Mrs. C. Yearwood, who were married at Tampa on Wednesday at the residence of Miss Susie Mullin's stepsister, Mrs. W. Roberts, were the guests of honor at a large dinner party given by Mr. and Mrs. F. M. Yearwood on Thursday. Some seventy-five guests were present to enjoy the excellent fare provided. The dining-room was tastefully decorated with flowers, evergreens and festoons of various colored crepe paper. On Friday evening a miscellaneous shower was given the young couple at Miss L. Jackson's, a large number of pretty as well as useful presents being received. Mr. and Mrs. Yearwood expect to leave for Atlanta next week. Their many friends extend best wishes for their future.

Another marriage took place here on the 24th of September, when P. M. J. Benton was married to Miss F. Holder by Rev. B. R. Moseley.

Mr. and Mrs. von Nowaky have returned from White Springs and Jacksonville.

H. Lewis of Gainesville, who has been here putting down a 40-foot well for L. M. Pearsall, returned home on Saturday.

Among those returned from their visits North are Mr. and Mrs. O. D. Kent, Rev. Julian and family and Mrs. O. Grimes.

Dr. Frank McRae's auto has arrived and is a "dandy." So far the doctor has found no sand deep enough to bother the machine in the least.

T. A. Birt is busy adding a room and porch to the old Willetts cottage, which he will occupy later on.

The lumber for the public motor boat dock has arrived and work will be begun on it as soon as possible. It will be located at the foot of Front street and will prove a great convenience for motor or rowboats from Earleton or Waldo.

Mrs. W. H. Aycock and Mrs. King of Pollard, Ala., were visitors in town last week.

### Football on Friday.

The first game of football of the season is to be played in this city on Friday afternoon, when the University squad will meet the town team. Both sides have been hard at work during the past several days and a real close and interesting game is promised. It will be played at the ball park and a large attendance is expected to be present.

## MICANOPY WILL GET BETTER TRAIN SERVICE

### RAILROAD COMMISSION AND A. C. L. OFFICIALS MEET MONDAY.

Citizens Asked the Railroad Commission to Give Them All Passenger Trains.

That the people of Micanopy are a determined set is set forth in the fact of the meeting held there Monday by the Railroad Commission, Superintendent Riddle of the Atlantic Coast Line and a number of citizens who were interested in Micanopy's welfare.

They have persistently "hammered away" at their train service and managed to secure the running of Trains Nos. 9 and 10 into that place, besides the Citra, but not satisfied they asked that Nos. 39 and 40 be placed on the regular schedule into that place, and not only these trains, but any others that were placed on by the company to run into Micanopy, which meant that they were to have everything that passed the junction.

This matter was taken before the Railroad Commission and they asked that Superintendent Riddle of the Coast Line meet with them and the people at that point on Monday for the purpose of arriving at some settlement of the matter as it now stands and which might prove beneficial to the interests of all concerned.

It was soon seen that the request of the Micanopy citizens could hardly be complied with, and another movement is now in project which will give them connection with all trains, carrying mail in and out from the Junction, as well as express and passengers.

While nothing definite along this line has been settled upon, it is understood that a special engine and train will be placed in commission between Micanopy, Tacoma and the Junction to meet all passenger trains if the patronage warrants, and it is more than probable that this method will be resorted to in order to place this service in effect and give it a trial.

The running of the regular trains in and out of Micanopy consumes a great deal of time on the regular schedule, and the first action would doubtless cause them to lose some travel over their road if they had this to contend with.

### HAWTHORN.

HAWTHORN, Oct. 6.—F. T. Hammond and Miss Myrtle Hammond are home again from a pleasant visit to Indian Springs, Ga., both improved in health.

Miss Lotta Littfedale is visiting Mrs. N. C. Coleman at Micanopy.

Mrs. Nannie McCormick of Gainesville is visiting her mother, Mrs. D. C. McIntosh.

Mr. and Mrs. Dick Hulme attended the ice cream supper at Madison Thursday night.

E. T. Hawthorn, Jr., has sold his farm to R. H. Smith, and will move to Apopka soon.

W. S. Moore is out again from an attack of fever.

The good road builders are building a hard road from the Putnam county line to Hawthorn. It will be completed next week.

The town council, the Masons, the Odd Fellows and the Woodmen have given a contract to build a new town hall and lodge room to Andrew Carlton of Plant City. Work will begin soon. The town sold the old town hall, and the Masons the old lodge building, both of which will be converted into dwellings, as dwellings are in demand here now.

The cotton gins are running on full time and prices are good.

J. M. Shaw, north of town, has a large lot of fine peaches ripe and

## DR. MURPHREE MADE GOOD IMPRESSION

BY HIS ADDRESS AT OPENING OF  
THE UNIVERSITY.

But a Single Requirement of Students,  
"Unexceptional Deportment and  
Strict Attention to Duties."

From Sunday's Daily Sun:

The expectation of the University authorities of a larger attendance than usual was realized, more students being present at the opening exercises on Wednesday morning than ever before. Since the opening every day has seen several additions to the enrollment. The formal opening took place at 9:15 Wednesday morning. On the rostrum in the chapel were President Murphree and the protestant ministers of Gainesville; to their right sat the faculty, in front of them the students and a goodly gathering of ladies and gentlemen from the city.

The exercises were opened by a selection from St. Paul read by Dr. Hay. The student quartet choir then led in singing of "Come, Thou Almighty King." The Rev. Mr. Bridges then lead in prayer. This was followed by an address by Dr. Murphree.

President Murphree began by expressing the hope that the vacation just ended had left with all a large residuum of refreshment and hopefulness that would lighten the burdens of the new year and endow all with ample measure of serenity and enthusiasm. He then spoke of the necessity of periods of rest. Relaxation and rest are religious duties, without this mind and body cannot be kept in a fit state to perform their divinely ordained functions. Toil is the enemy of growth and recuperation. This rest, however, should give us such a surplus of strength and hopefulness that work will become a necessity and a pleasure.

Then, addressing himself more particularly to the new students, President Murphree spoke about the value of a college education. Making allowance for all possible juggling with figures, statistics show the uplift of serious, systematic study and mental promptings of high ideals imparted by college life.

Taking as an illustration the thirty-three elect persons from an humble village who had attended college he showed how all had contributed to the elevation of society and had risen to a plane far above their school friends who had not enjoyed a college life; and this is a fair way of estimating the value of a college education.

"Your presence here is a great opportunity for you, and I hope," he said, "that no doubts or discouragements will be entertained which will swerve you from your present purpose or cause you to think lightly of the general effect of college training."

Everything connected with the University, its past history and its reputation justified him in forming a happy forecast for the year on which they were entering. With regard to discipline, in order that the generosity of the State may not be abused, and that perfect justice may be done all who are earnestly striving to make the best use of their opportunities, there is but a single requirement—unexceptional deportment and strict attention to University duties. At the end of the year he hoped he could say that the mere discipline of the school had cost him scarcely an hour's anxiety. This was possible only with a student body with a high sense of honor, an unswerving devotion to their duties, and an unshaken loyalty to the school.

"We are compelled," he said in conclusion, "to wish for the influence of the Book in the school. There

## HER PHYSICIAN ADVISED

### Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me."

—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

**Another Woman Helped.**  
Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

is more or less the menace of danger in these wonderful days. The working man, himself, without the guidance of the Book, and without the influence that inspired it, will often be a menace to government. 'I must have subjects who know how to be men,' said Napoleon. 'A man is not a man without God.'

"We want you to have an intellectual capacity as good as the world has, and at the same time always be able to scorn a lie, hate profanity, despise whiskey, love and reverence truth and duty, admire the sentiment of the sermon on the mount, to follow the law of the ten commandments, practice the Golden Rule, and not be afraid to own the Christ."

"We wish our students to be men quiet of spirit, men who believe in God, in the care of his providence, in the gentleness of his fatherhood. Plato asks, 'Is there anything better in a state than that both men and women be rendered the very best.' May the Lord who laid his hands on the little children and blessed them be with you and us; us that we may guide you in the right ways, you that you may apply yourselves unto wisdom."

After the address by President Murphree—excellent and inspiring short talks were made by the clergy present and by Congressman Clark.

The president then read several announcements, after which "America" was sung, and the formal opening exercises were concluded.

### VETERANS' MEETING.

Elect Delegates to Annual State Reunion at Live Oak.

From Tuesday's Daily Sun:

A meeting of Stonewall Camp, U. C. V., was held in this city Monday, which was largely attended by members from all sections of the county.

The meeting was called for the purpose of selecting delegates to the State reunion at Live Oak, which will be held in that city on October 20 and 21, when a large gathering of the "old boys in blue" are expected to be present.

The citizens of Live Oak have raised a special fund and propose to take care of them in grand style during these two days, and the following delegates and alternates were chosen to represent Stonewall Camp: Horatio Davis and R. B. Weeks; alternates, L. W. Jackson and R. F. Williams.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Purifiers made me a

## THEATRICAL SEASON OPENS OCTOBER 15

NUMBER OF ATTRACTIONS BOOKED  
UP TO PRESENT TIME.

Manager McCollum Has Joined the  
Southern Theatrical Circuit of  
Klaw & Erlanger.

The regular theatrical season for Gainesville will open in this city at the Baird on the 15th of this month, so the reporter was informed Saturday by Manager McCollum.

While he is young at the business he has already secured a number of high class attractions, having enlisted with himself the Klaw & Erlanger circuit, to secure only the very best of bookings for Gainesville, which he feels sure will please the amusement-loving public.

On October 15th he has for the opening bill at this popular new playhouse "St. Elmo," while among the other attractions that will be seen are: Coburn's Minstrels, "Meadow Brook Farm," Black Patti Company, "The Prince of Patches," "A Pair of Country Kids," "A Knight for a Day," "The Village Parson," "The Show Girl," "Little Miss Muffet," "Along the Kennebec," "Out in Idaho," "When His Wife's Away," and Georgia Minstrels.

The above are the bookings that have been secured up to the present time, but they will be largely added to within the next few weeks, as soon as the shows start South, and the manager states that he will experience no trouble in giving the public all of the attractions that will be wanted for Gainesville.

It is the desire of Manager McCollum to secure just what the people want, and he would deem it a favor to have suggestions from the people at any time, for the place is run for the public, and not a disinterested few.

### LETTER TO W. E. BAKER, Gainesville, Florida.

Dear Sir: Here's a mail-order paint—there are several such—45 per cent of its solid part is barytes and whiting, and 35 per cent of its oil is benzine and water; the rest is zinc lead and oil.

Barytes whiting benzine and water have nothing to do with paint, except to make more gallons for victims to buy at \$5 a gallon put on.

\$5 a gallon put on will buy the best paint there is in the world; here's a paint, about half neither pigment nor oil, imposed on the unsuspecting.

What is the remedy? What is the victim to do? Do you favor a pure-paint law in your State?

North Dakota has lately passed such a law; it is worth, we presume, \$5 a year to the average man. What is wanted, of course, is paint of such strength that 10 gallons will do a 10-gallon job and wear a long time. Devote is that paint. Should counterfeits be put-down by law?

Yours truly,

F. W. DEVOE & CO.

P. S.: The Gainesville Hardware Co. sell our paint.

### DROUTH AFFECTING CROPS.

Sweet Potatoes and Sugar-Cane Damaged to Considerable Extent.

W. M. Blitch of Santa Fe is authority for the information that the drouth is greatly affecting crops in the northern part of the county.

He stated to the reporter on Monday that even sugar-cane and sweet potatoes were suffering as a result of the continued dry weather and it is utterly impossible to get fall gardens started. Cane is withering in the fields, while the potato vines are dying as a result of the continued dry weather.

### A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the guanine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

### Entertainment Postponed.

The entertainment of the Baraca and Philathea classes at the White House has been postponed until a

## SERIOUS CUTTING ON SATURDAY NIGHT

WILL STROBLE BADLY USES UP  
ANOTHER NEGRO.

Case of Serious Nature and Mayor  
Davis Will Probably Turn It  
Over to County.

From Tuesday's Daily Sun:

A serious cutting affray was committed in the northwestern part of the city Saturday night, when Will Stroble, a well-known negro hackman, slashed Chas. Gist, another negro, and the injured man is reported to be in a serious condition, while the negro that did the work is held without bail.

The case came up on the Mayor's docket Monday morning, but as the injured negro was unable to appear in court, and the nature of the case was grave, Mayor Davis took the matter under advisement and will very likely turn Stroble over to the county authorities at once.

Gist, the injured negro, is a stranger here and had accompanied a woman home who lives near the section houses on the A. C. L., and was asleep at the time the attack was made upon him by the other party, who ran him out of the room and after getting him on the railroad, succeeded in making four ugly gashes on his person, his arms, back and stomach being cut.

Dr. Ayer, who was summoned after the man had traveled a distance of about a mile to another house, stated that the wounds were not necessarily fatal, but were dangerous, and that the party had lost considerable blood before he reached him. It required something over thirty stitches to sew up the wounds, the longest and most serious one being from his side across his stomach, and fully fifteen inches in length. His muscles were also cut and the doctor is of the opinion that the weapon was a razor instead of a pocket knife.

Handy Hughes, who was apparently as handy with his hands as his name implies, was handed \$5 and costs for slapping a woman on the streets Saturday night.

The former case will be called again this morning, provided the injured negro is able to attend court, and in the meantime Mayor Davis will have decided whether or not to turn the case over to the county.

From Wednesday's Daily Sun:

Will Stroble, the negro hackman who so badly cut another negro on Sunday night near the Coast Line section houses in the northern portion of the city, has been turned over to the county authorities, and he will probably be tried under a serious charge of assault with intent to kill. The wounded negro, Chas. Gist, is now in a most serious condition, and while there are some hopes for his recovery the doctor states that his injuries are serious.

Gist is a strange negro in these parts, and has been here only about four weeks, coming from South Carolina, so he stated, but by his quiet and peaceful action, he has made a number of friends among his race who sympathize with him in his misfortune.

It has been stated that both parties were drunk at the time of the cutting, and the negro Gist was asleep when Stroble came upon him and started his dirty work with the blade. Stroble will be given his preliminary hearing as soon as the other negro is able to appear for trial.

### Feeding Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; but while they eat well they work well, too.

Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. To meet needs of those in different climates Quaker Oats is packed in regular size packages and hermetically sealed tins; also larger for hot climates.

## BURNING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand—  
Hand Swelled and Then Humor  
Spread to Arms, Legs and Face  
—It was Something Terrible.

### PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm, and made very light of it. He gave me a wash and told me to apply it before going to bed and all would be over in the morning. But the next morning my hand was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was well I poulticed it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further.

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is one of the best remedies to heal a sore or other injury rapidly. I can freely and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure I am not making a mistake. C. Burkhardt, 236 W. Market St., Chambersburg, Pa., Sept. 19, 1908."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin and Cuticura Resolvent (50c), for in the form of Chocolate Coated Pills, 25c per box of 60 to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mail Free, Cuticura Book on Skin Diseases.

## SANITARIUM NOTES

Dr. J. H. Hodges, the medical director of the Sanitarium, has decided to enlarge and refurnish some of the rooms and connect them with private baths. This will be a decided improvement, and when these rooms are completed it is believed they will be as comfortable and handsome as can be found in any Sanitarium in the South.

It is sincerely hoped the Board of Trade can induce the A. C. L. railroad to allow stop-over privileges here on through tickets. If this were done many of the invalids from the North, who now go further South, would pay a visit to the Sanitarium.

Anticipating cooler weather the Sanitarium is having several car loads of wood delivered on the grounds.

During the past several weeks many sick people from the surrounding towns have come to the Sanitarium for treatment, and in almost every instance they have been enabled to return to their homes entirely cured or greatly benefited.

The ladies of the city are reminded that gifts of flowers are always appreciated.

F. M. Hodges of Newberry, a recent surgical patient, has recovered and returned to his home.

Clarence Malphurs of Montecchia, who was brought to the Sanitarium in the midst of a severe attack of fever, has recovered and left for his home a few days since.

Arch McKinnon was enabled to return to his home at Palatka last week.

Mrs. H. A. Bailey of Hawthorn was a patient again last week.

D. B. Zetroner of Rochelle, a recent surgical patient, was well enough to leave the Sanitarium a few days since.

C. F. Fountain of Raleigh is improving rapidly.

Mrs. B. M. Leverett has returned to her home at Worthington Springs.

Mrs. J. W. Thompkins of Worthington Springs has improved rapidly and will not have to remain at the Sanitarium more than a few days longer. Mr. and Mrs. Thompkins are the proprietors of the popular Hotel Worthington, and the many patrons of that well-known resort will be glad to know of her speedy recovery from a severe illness.

## SEABOARD FREIGHT DEPOT BEING MOVED

WILL BE ADDED TO THE NEW  
PASSENGER STATION.

All the Offices of Old Building Cut  
Off and Will Be Torn  
Away.

From Tuesday's Daily Sun:

The old freight depot of the Seaboard which has stood the usage of Gainesville for the past several years is now being removed to a point about twenty feet north of its former position, where it will be converted into a practically new building.

The place that was used as a passenger station and ticket office has been cut away from the old building and left to stand there until they can get into their new offices, when this will also be torn away.

Carpenters who have been at work on this structure for the past number of weeks state that it will now be only a short while before the same will be completed, as they have succeeded in placing all of the heavy timber under the building and have started the work of moving.

It will be pulled in an easterly direction about forty feet in addition to being placed further north, and in order to give the required street room it was necessary to remove the large oil tanks of the Standard Oil Company.

The passenger station will be completed as soon as this building has been joined onto the new structure, and it has made a noticeable change, and at the same time greatly increased the facilities of the Seaboard for the handling of its passengers and freight.

### WALDO NOTES.

WALDO, Oct. 4.—Mr. and Mrs. Harvard returned from their trip North, on which they took in the Hudson-Fulton Celebration and Washington city, with other interesting points.

N. C. Pettit has for a few days had malarial fever and is quite sick. His numerous friends are quite solicitous as to his attack.

D. A. Denmark has removed from Starke here and has employment on the S. A. L. railroad.

A. J. Bowen, now of Tampa, has sold his place near Millican's still to J. N. Strickland, who has been renting and living on it for a year or more.

Orlando Weeks has been thrown off duty for several days by the misfortune of sawing his thumb. His new barber shop between Strickland's block and the Entenza building is about completed and he will move from the old stand.

The Confederate veterans were pleased to receive their vouchers for pensions under the new law. Justice Tillis fills out their papers free of charge, which is much appreciated.

The public school has opened under most favorable auspices.

Mr. and Mrs. T. M. Cauthen are at Fargo, Ga., near where his shingle mill is located.

Mrs. J. R. Wilkerson, Mrs. W. C. Hicks and Miss Daisy Hicks attended the Sunday school and Epworth League institute at Williston and report an interesting occasion.

Mr. and Mrs. Hugh Williams, who sold out their mercantile business some time ago, will build a brick store and resume business soon.

E. A. Turner's store, closed by the sheriff, is selling out at bankrupt sale at greatly reduced prices. This sale is a windfall to small persons.

Conductor W. T. McKewen and family, who have been away for months, have returned and are domiciled in the large residence lately renovated and repainted by Ed Renauit. This estimable family are welcomed back.

Mrs. A. M. Atwater is receiving congratulations upon her appointment as postmistress, succeeding her late husband.

For Cere Throat, sudden cold and coughs no remedy has been discovered so powerful to cure as Perry Davis' Painkiller. As a liniment it has no equal in curing Rheumatism or Neuralgia, burns and bruises, and wounds of every description. It is the cheapest and best remedy offered to the public. Only 25c for a big bottle. There are other sizes also, 10c and 50c.

You may find what you are looking for through a want ad. in The Sun.

### IN SPECIAL SESSION.

Commissioners Met to Receive the  
Tax Books From Assessor Colson.

The County Commissioners were in special session here Monday, having come together for the purpose of receiving the books of Assessor Colson.

They adjourned to take up the matter again on next Monday, the books not being quite ready for them at this time.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulets cure bilious attacks. 25 cents at any drug store.

The Sun office for calling cards.

### Ginnery Being Built.

The new Turner ginnery, the old plant of which was destroyed by fire at LaCrosse some few weeks since, is now nearing completion again and will shortly be running. There is considerable of the crop now in storage at that place which will necessitate the operation of the gins late into the season.

### A Banquet

Spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters its stomach it is eaten by worms. That's the reason your baby is ailing, cross, pasty-faced and thin. Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by W. M. Johnson.

## UNIVERSITY OF FLORIDA FLORIDA STATE COLLEGE

Gainesville, Florida.

An institution of the First Rank, supported by State and Federal Funds, or Florida Young Men.

Thorough Courses Leading to Degrees of B. A., B. Sc., M. A., M. Sc., and L. L. B.

In Arts and Science; Agriculture; Chemical, Civil, Electrical and Mechanical Engineering; Law; Normal school; Graduate School.

Expenses Exceedingly Low. For Catalogue write to

A. A. MURPHREE, A. M., L. L. D., President.

Tallahassee, Florida.

A College without a parallel in the South, offering degrees and diplomas in the following departments:

I. A College of Liberal Arts.  
II. A School of Industrial Arts.  
III. A School of Fine Arts.  
IV. A School of Expression.  
V. A School for Teachers.

Low Tuition. Other expenses very low.

We will not accept stamps of a larger denomination than 2 cents.

Mrs. Edith Rockefeller McCormick has offered \$1,000,000 toward the improvement of the Lake Michigan shore, if other wealthy residents will make up an equal amount. It is evident that while J. D. Rockefeller has showered millions in institutions he has not been stingy with his children.

Pierre d'A. Pratt, for many years one of the leading newspaper men of Florida, has assumed charge of the editorial and general news department of The Orlando Daily Reporter-Star, while the local news department is looked after by Jesse E. Burtz, of "Never Sleeps" fame. This team ought to make The Reporter-Star a "live wire."

The superintendent of schools in Philadelphia has published his plans for providing school children with inexpensive lunches. The experiment is to be tried in four of the city's public schools situated in congested districts, and the plan to be extended to the whole school system if it seems to be successful. The children are expected to pay 3 cents a day for their lunches.

Mr. Harriman was said to have expressed the wish that he was a farmer instead of a financier, because it would have meant for him greater contentment and happiness. There are many wishes which are unattainable, but the wish for a farmer's life could have been realized by Mr. Harriman any day he chose. He had but to turn his back on Wall street and stick close to the soil. But evidently it was but a sentimental wish, not meant to be taken seriously, and that is the case with many of our expressed preferences.

Astonishing statements are made by John Kenneth Turner in the first of a series of articles on Mexican peonage. After spending a year and a half in Mexico and visiting nearly every part of the country, Mr. Turner reports of his own knowledge that men and women are enslaved for life by the thousands—starved, beaten and sold. In our country peonage is occasionally discovered and the perpetrators prosecuted. It is never widespread. In Mexico, on the other hand, it is said to be common in a majority of States and cities. Slaves are not only used on the plantations, but as personal servants, as laborers, as household drudges.

After a long and harrassing period of uncertainty and peril, beginning with the inauguration of President Gomez and marked by at least one tentative insurrection, many governmental blunders, numerous charges of corruption, scandals in connection with the purchase of arms, resignations of cabinet members and dire rumors of an impending third intervention, the restored republic of Cuba appears to have entered a zone of tranquility with reasonable prospects of fair weather ahead. The inception of this gratifying change marked the return from his summer vacation at Cayo Cristo of the president, who, since then, has given many evidences that he is the strong man of affairs which his friends have always maintained he would prove to be.

## THE GAME LAW.

Our Melrose correspondent requests The Sun to publish the game law for information of the people of the county. The last Legislature made no change in the game law of a general nature but several acts of a special nature were passed, particularly as to Marion and Levy counties, but these laws are too lengthy to permit of publication in The Sun.

The game law as it applies to Alachua county, which is the general statute, makes it unlawful to hunt, kill, chase, molest or have in your possession any wild deer except during the months of November, December and January. Venison or deer hides cannot be sold, exposed for sale or transported for sale.

Persons are prohibited from hunting, killing or having in their possession any wild turkey, quail or partridge except during the months of November, December, January and February, and no person shall kill more than two wild turkeys or more than twenty quail, and no party of two or more persons shall kill more than four wild turkeys or more than forty quail in any one day; no person shall kill more than five wild turkeys in any one year. The sale of quail, turkeys and partridges is absolutely prohibited, and no person is permitted to ship any deer, deer hide or hides, venison, wild turkey, quail or partridge beyond the limits of the county in which the same were killed. Persons may take their game home with them when the same is killed in another county than where they reside.

All persons who are not citizens of this State must pay a license of ten dollars to the clerk of the circuit court before they shall be permitted to hunt in this State, which license is only good for the county in which it is issued.

Ducks cannot be killed between the first of April and first of October.

It is unlawful to have in your possession, living or dead, or to catch or kill, any wild bird other than a game bird, at any time of the year, game birds being particularly designated as geese, coots, plovers, surf birds, snipe, woodcock, sand pipers, tatters, curlews, river and sea ducks, brant, rails, mud-hens, wild turkeys, grouse, prairie chickens, pheasants, partridges, quail, turtle doves, tame and wild pigeons and robins. No person shall molest or destroy or have in their possession the nests or eggs of any wild bird. Persons are permitted to kill birds destroying their crops, and to keep in a cage redbirds or mockingbirds for their own pleasure, but the same shall not be sold or shipped out of the State.

The penalty is severe for violation of any of the sections of the game law.

Mrs. O. H. P. Belmont of Newport and New York strikes a new and surprising note in the woman's suffrage movement. In an article published under this lady's name in a current magazine the movement is represented as an implacable class struggle between the sexes. Mrs. Belmont thinks that men will never concede the political equality of women without a measuring of forces— if not flight. Within a generation or so, according to her rousing prophecy, the women of America will publish to the men an ultimatum somewhat after this fashion: "Until you give us the ballot we will not marry you, we will not work in your places of business, we will have nothing to do with you, socially, industrially—any way." The women will never do anything of the kind—in our humble opinion, Mrs. Belmont.

It is to be a polar year in fashions in New York. The polar hat, the polar dress and the polar coat have already appeared. The polar shoes, the polar dress and the polar gloves and the polar furs are expected daily. Any woman who is so far behind the times as not to boast of at least one polar costume will be quite out of fashion's rays, and there is a great possibility of the fad being carried far enough to permit evening gowns a la pole also.

Jim Alexander is reported as saying that he will "give" the vote of Volusia county to any man who runs against Frank Clark for Congress. Probably the voter himself will have a word to say about who his vote is given to. Our friend Jim has become entirely too inflated with his self-importance since his election to the Legislature.

## WHAT TO DO FOR DIRT ROADS.

No county anywhere ought to be content with ordinary dirt roads for its main arteries of travel. Whatever we may say about improving our common dirt roads, therefore, is not intended to make any reader content to have simply dirt roads for the main highways of his county. For all these roads there must be sooner or later macadam or gravel or sand-clay. Let us decide upon this and keep up the agitation in season and out of season until this good result is accomplished, says The Progressive Farmer.

At the same time while working for these more expensive methods for the "big roads," let's see to it that the neighborhood roads are also made better. The principles of good drainage, upon which stress has been laid by so many of our writers, may certainly be adopted, and this is admittedly the greatest need, taking our section as a whole. In the hill country, however, the necessity for avoiding heavy grades is almost as pressing. We must always remember that a road is no better than its worst places. If there is a grade or any rough place over which your team can pull only 500 pounds to the horse, then your load must always be 500 pounds a horse, although the road for nine-tenths of the distance may be good enough for a load of 900 pounds. We learn to go around the hills, not over them, and perhaps the first step in the improvement of half our country roads ought to be new surveys, making them straighter where it can be done without increasing the grade, and decreasing the grade wherever it is excessive.

Mr. J. R. Parrott is at Biarritz, a watering place in the south of France, says The Ocala Banner, and writes under date of September 20th that he is regaining his health every day and hopes to bring back to Florida energy and strength enough to fully meet all the demands that may be made upon him. There are limitations to everyone's strength and Mr. Parrott taxed his too heavily, and as a result, it gave way, and his friends became very solicitous concerning him, and it will be pleasant news for them to know that he is recovering his health now very rapidly. Mr. Parrott has visited England, Austria, Germany, France and Spain, but says that none of these places appeal to him in the same way that Florida does, and he is anxious to be back home and in working harness once more. Talk about friends; but you will never find a truer one than Mr. Parrott has been to Florida.

A New York judge has called upon William Hornblower, Samuel Untermyer and De Lancey Nicoll to conduct the defence in three murder cases. For their services they will receive \$500 apiece, all the law allows for defense of respondents unable to employ counsel. Their customary fees would probably amount to twenty times that amount for the time required. In their willingness to serve prisoners of a class which is for the most part forced to depend upon counsel incompetent to handle a case in which life is involved, these distinguished lawyers set good example for professional brethren everywhere. In these days of legal specialists and large fees it is often forgotten that the attorney is a sworn officer of the court and the servant of justice.

The time was, and that quite recently, when the reckless way in which our railroads killed and maimed passengers was a reproach to the roads and made traveling unsafe. But of late a most welcome change has taken place. Last year several roads did not kill a single passenger, although the number carried amounted to very many millions. This fact shows a greater efficiency in service, a higher regard for the safety of passengers, and a better equipment with safety appliances. In no small degree this improvement is also due to the enactment and enforcement in some States of salutary laws.

When Governor Johnson of Minnesota died he left the very modest fortune of \$37,000. The smallness of the amount shows that he was in politics, not to make money, but to serve his fellow-men. When Harriman died he left, so it is said, a fortune of \$100,000,000, but not one cent of that vast amount, so far as can be learned, was left to any hospital, orphanage, asylum or other similar institution. It is not necessary to comment on all this—the facts speak for themselves.

## THEN AND NOW.

The Hudson-Fulton celebration at New York was a reminder of the venerable age this country is reaching, and still more of the vast progress that has taken place in navigation and travel since Hudson sailed his little "Half Moon" up the river that now bears his name, and Fulton astonished and affrighted onlookers by his little, snorting "Clermont."

One has but to contrast the frail vessel of Hudson with the magnificent liners that now cross the same turbulent waters, and the crude slow "Clermont" with the palatial steamers that now ply our great rivers, to realize the wonderful advance that has been made. And that advance is typical of the development made in the whole world of science and mechanics during the same period.

But the celebration has also served other purposes. It has reminded us of the sturdy, dauntless courage of Hudson and his crew in venturing practically into the unknown with such poor facilities, and of the hopeful perseverance and courage of Fulton in going on calmly with the building of his steamer in face of sneering incredulity. In all this it is cheering to reflect that the same qualities possessed by those two men whose achievements are so gratefully remembered are possessed in equal degree by Americans today. The stories of pioneer life, of struggle against almost overwhelming odds, and of winning victory from defeat, prove that the virility of this generation shows no decay.

## THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears... \$3.00  
Second best stalk of corn..... 1.50  
Best ear of corn ..... 2.00  
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

## LOCHLOOSA NOTES.

LOCHLOOSA, Oct. 6.—Misses Zelma Cason, Emma Warden and Garce Moore of Island Grove were in town Thursday on a shopping expedition.

G. A. Singletary, conductor of a worktrain on the East Coast railway, spent some time here with friends last week.

Dr. Creekmore of Citra was in town Thursday on business.

J. C. Hayman made a business trip to Island Grove Thursday.

S. Roe made a business trip to Hawthorn Thursday.

Deputy Sheriff Bruton and Attorney Ellis of Gainesville were in town Friday on business.

I. C. Cochran left Saturday for Orange Heights to spend a few days with relatives.

T. C. Holden of Hawthorn was in town Monday.

Misses May, Zelma and Eva Hayman attended preaching at Island Grove Sunday.

R. J. Tompkins of Cross Creek was in town Saturday shopping.

J. J. Haymans of Gainesville was down Saturday looking after his turpentine interests.

S. Roe, who has been in the fishing business heretofore, has withdrawn from that occupation and joined Uncle Sam's surveying party now stationed here.

The Pensacola Board of Safety has discharged two more policemen for the good of the service.

**Dr. A. Dolan**  
**VETERINARIAN**

Residence:

Magnolia Hotel - Gainesville

## MICANOPY.

MICANOPY, Oct. 5.—The Florida Railroad Commissioners, Hons. R. Hudson Burr, Newton A. Blitch and Royal C. Dunn, met the citizens here Monday for the purpose of hearing complaints in reference to better railroad service. Mr. Riddle, general superintendent, H. O. McArthur, division superintendent, and Mr. Sparrow, chief engineer of the A. C. L. Railroad Company, were present. After discussing the question at length an agreement was reached that will be satisfactory to the people of Micanopy and surrounding country.

Rev. H. M. Long, pastor of the Baptist church here, will begin a series of meetings at the Baptist church Tuesday, October 12. He earnestly desires the co-operation of all in these services.

Mr. and Mrs. M. E. Lawrence have returned from a few days' visit to Crescent City.

Messrs. V. P. Smith and C. R. Curry of Wacahoota were in town yesterday.

The public school here is doing nicely under the leadership of Mrs. Anna D. Trussler.

The farmers of this section are in need of rain in order to get their vegetables ready for the fall market.

Some of the sportsmen are having good luck shooting ducks. One party brought in twenty-two for one morning's sport.

W. C. Smith, the guava jelly man of Tacoma, was in town this morning. Mr. Smith finds it almost impossible to fill the many orders he has for his jelly.

## Notice of Dissolution.

Notice is hereby given that the firm heretofore doing business at Archer, Florida, under the name of Hodgson & Wood, has been dissolved.

R. B. HODGSON.

## A PLEASANT WAY TO CURE CATARRH.

Poor deluded victims!

Continually sprinkling and spraying and stomach dosing.

What are you doing it for?

Trying to kill the catarrh germs?

Might just as well try to kill a cat with fresh milk.

Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.

You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomel, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.

Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by J. W. McCollum & Co. to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including Inhaler, costs \$1.00. Extra bottle, 50c. Cures sore throat, coughs and colds.

"I take especial pride in recommending Hyomel to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomel had any recurrence of asthma."—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909.

**MI-ONA**  
**Cures Indigestion**

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

## NOTICE FOR PUBLICATION.

## UNKNOWN PARTIES SHOOT AT A DEPUTY

PLACED IN CHARGE OF  
CROPS TO GATHER.

Ramsey Will Investigate the  
Matter at Once to Try and  
Locate Parties.

Deputy Sheriff M. Nelson, a colored man, who was placed in charge of a group of crops which were attached to the Long Pond section, and Sheriff Ramsey having no one to leave charge deputized Nelson to look after the property and gather the crops.

It will be remembered that some weeks since an attachment was put out for the crops of McCray, Thomas and Croxton, all negroes, of the Long Pond section, and Sheriff Ramsey instructed Nelson to look after the property and gather the crops.

Under the above instructions, Nelson at once proceeded with his men, and late on Tuesday evening he was fired upon by unknown parties, the sheriff believes that it was connected with the crops. He will make a thorough investigation to discover the guilty ones.

The above section is thickly settled with colored people and is next to the largest section, one of the largest settlements in the county.

Opening exercises of Columbia were largely attended last Tuesday morning by our citizens, with a large number of out-of-town residents who were in the Lake City Reporter.

College has added several boats to its fleet used by the students in aquatic sports. The college is equipped with eight-oar racing shells which can be used at all seasons of the year.

## GOT TOO HAPPY AND BROKE UP MEETING

JERRY SIMONS NOW RESTING BEHIND THE BARS.

Congregation All Tried to Phone for the High Sheriff at the Same Time.

Jerry Simons, a coffee-colored negro, raised a disturbance at the St. Joseph camp meeting, and he is now confined in the Alachua county jail, having been arrested by Sheriff Ramsey upon complaint of the members of the church.

The meeting was at its height of last Sunday when Jerry, because he was too well soaked with "old corn," decided that it was not running just to suit him, and he started a row and general mix-up, with the result that a dozen or more were all trying to reach the sheriff over the 'phone at the same time to tell him of the trouble and request him to proceed at once to the place.

This congregation of darkies meet every year near Archer, and it has always been one of the best and most largely attended meetings of the circuit, resulting in great good among the colored race, generally, but this season the surprise was sprung by Jerry, and he is now lamenting his troubles.

Some of the brethren are very bitter against him and are determined to push the case, while there are some who feel disposed to punish, but at the time be as light as possible, and teach him a lesson to be a better man.

A preliminary hearing will be given him in a few days before Judge Mason, unless the case is returned to the justice in the Archer district, and this is not very probable.

### Mrs. Patterson's Opening.

The millinery opening of Mrs. M. J. Patterson, at the New Hat Shop opposite the Brown House on Wednesday afternoon, was largely attended. Many pretty patterns and styles were displayed and the ladies expressed themselves as highly pleased with what they saw.

Dr. Holt has resigned as pastor of the Baptist church at Lake City.

## AYER'S HAIR VIGOR Does not Color the Hair

Hair falling out? Troubled with dandruff? Want more hair? An elegant dressing?

Ingredients: Sulphur, Glycerin, Quinin, Sodium Chlorid, Capsicum, Sage, Alcohol, Water, Perfume.

We believe doctors endorse this formula, or we would not put it up.

## AYER'S HAIR VIGOR Does not Color the Hair

J. C. AYER COMPANY, Lowell, Mass.

## Two Negro Women Killed By Dixie Flyer at Crossing

JACKSONVILLE, Fla., Oct. 6.—Attempting to cross the tracks of the Atlantic Coast Line at the Plank road crossing, just beyond Enterprise street, ahead of an onrushing train, and hesitating, then starting again, Anna Bush, colored, who lived in West Jacksonville, and Julia Miller, colored, 124 Stonewall street, were struck by Atlantic Coast Line passenger train, No. 95, "The Dixie Flyer," at 8:12 o'clock this morning. Both were killed instantly.

The bodies were brought to the city in the baggage car of the train, which was stopped a few yards from the scene of the accident. At the terminal station the bodies were identified by relatives.

Train No. 95, "The Dixie Flyer," due in the city at 8 o'clock, was a few

minutes late, and in charge of Engineer Mann and Conductor Reid, was making about the usual time through the yards. Engineer Mann saw the two women after he had whistled for the crossing, and at first thought they were going to cross the tracks in time, but they stopped as if to await the passing of the train. Then suddenly the two women started ahead, and as they reached the center of the track were struck by the locomotive.

Both were thrown far to the side of the track. Engineer Mann brought his train to a standstill within a hundred yards and backed up to the scene of the accident. One of the women was yet breathing, and with the assistance of Conductor Reid and others of the train crew, the bodies were carried to the baggage car and brought to the terminal station.

## Appendicitis Operations Should Be Called Criminal

BOSTON, Oct. 5.—"An operation for appendicitis should be called a criminal operation and as such should be prohibited by law," declares Dr. Charles E. Page, one of the best-known Boston physicians.

"I have been following the records of appendicitis operations ever since the craze for this form of surgery

started," says Dr. Page, "and I confidently believe that the day is coming when the people will realize that the cutting of the appendix is a criminal operation."

"As for the widely proclaimed benefits and saving of life by operations to cut the appendix, it seems hardly necessary to cite the long list of deaths following the operation."

## EDUCATIONAL MEETING FRIDAY NIGHT

WILL BE HELD IN COURT HOUSE  
AT 8 O'CLOCK.

All White Citizens Should Make It  
Their Business to Be Present  
at Meeting.

The educational rally which is called to meet at the court house tomorrow evening should be attended by everyone in the city who is interested in any way in educational matters.

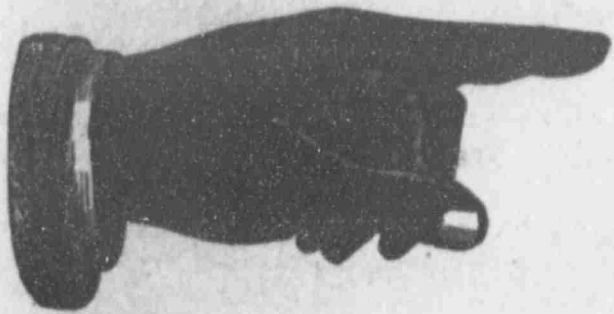

It is a question that concerns every parent and guardian in the city and one that cannot be talked of too much just at the present time, in view of the fact that this is considered the best educational city in the State.

Excellent addresses will be made by Dr. Murphree and Capt. G. M. Lyneh, and it is hoped to have Senator D. U. Fletcher of Jacksonville present to address the meeting also, and Superintendent Kelley, who is very enthusiastic about the matter, stated that everyone should talk the meeting and try and arouse a general feeling in the interest of education just at this time.

While the schools of Alachua county have advanced more than the proportionate increase in population, they have not done what schools in other counties have done in the line of attendance, and it is safe to say that only about 70 per cent of the white children of the city are now to be found in the schools. You will not be asked for any donation in attending this meeting, neither is it gotten up to solicit voluntary subscriptions. It is simply a move to wake up interest throughout the State, and local meetings will be held in every community.

Wednesday the preliminary hearing of John Bevil for killing Mr. and Mrs. B. P. Harder, was brought before Judge W. H. Crawford. The proceedings were very short—the defendant's attorney, Hon. J. C. B. Koonce, made a motion to waive examination, no bond was asked for and the defendant was remanded back to jail to await circuit court which convenes the fourth Monday in October.—Sumter County Times.

Read the want ads. in today's Sun.

To all persons subject to Bilious Attacks, Sour Stomach, Indigestion, Constipation, Headache, Dizziness, Heartburn, Vertigo (blind staggers), Foul-Breath, Sallow Complexion or other symptoms of a Torpid Liver, WE SAY,

TAKE

# HERBINE

It is the Surest, the Safest, the most Speedy and Complete  
Liver Tonic and Regulator in the Whole Field of Medicine.

It is a marvelous remedy. Its invigorating effect on a Torpid Liver is little less than miraculous. It acts instantly. The first dose brings improvement, a few days' use cures the most obstinate case. Tired, weak, despondent victims of a Torpid Liver are restored almost in a day.

### A BRILLIANT RECORD IN MALARIA

It cures Malaria, Chills and Ague by destroying the disease germs in the system and driving them out of the body. Where Malaria is prevalent it is a faithful guardian of health. It puts the Stomach and Bowels in such fine condition that the malaria germ cannot exist.

Every home should have a bottle of this great Liver Tonic and Regulator. It stands for health for the whole family. The chill season is here and all those who are Constipated, who have a Torpid Liver or Digestive Disorders, will surely have trouble with that arch enemy of the race. BE PREPARED! Get in condition at once by taking HERBINE and you can defy the disease.

PRICE, 50 CENTS Per Bottle

BALLARD SNOW LINIMENT CO., Sole Proprietors, ST. LOUIS.

# PRESIDENT TAFT DELIVERS ANOTHER SERMON

Made Most Impressive Talk at Corner-Stone Laying of Universalist Church in Portland.

PORTLAND, Oregon, Oct. 4.—President Taft preached another sermon, this time at the cornerstone laying of the First Universalist church in East Portland, Sunday.

The President handled the silver trowel and worked hard to see that the stone was properly adjusted.

The President referred to his various church experiences and in conclusion said:

"No church in this country, however humble it may be, that preaches the doctrine of true religion and true morality, will lack my earnest support to make it more influential whenever opportunity offers."

The President's train left at 10:10 p. m. over the Southern Pacific for Sacramento, Cal.

Mr. Taft attended the morning services at the First Unitarian church in Portland and listened to a sermon by Rev. W. G. Elliot, Jr. Afterwards he was the guest of honor at a luncheon tendered by Senator Bourne.

In the early afternoon the President visited St. Mary's Roman Catholic school and made a five-minute address to the school children, in which he declared that loyalty to the church meant fidelity to country.

The line of march followed by the Presidential party to East Portland was crowded and there was cheering all along the way. At the cornerstone laying he said:

## Cornerstone Sermon.

"I don't know that anyone questions the propriety of my being here and officiating on such an occasion as this, or that an explanation of any sort is called for. But I want to say that I believe it to be the duty of the President of these United States to welcome and to suggest every instrument by which the morals and religion of the community may be elevated and maintained. Not long ago I officiated at the cornerstone laying of an orthodox Congregational church in Washington. Then I appeared in the pulpit of a Jewish tabernacle at Pittsburgh. But a few days ago I helped to lay the cornerstone of a Catholic institution at Helena, Mont.

"And now it is my great pleasure to assist here today in laying that cornerstone of this Universalist church, which, like my own, the Uni-

tarian church, is known as a liberal one.

"I am always glad to be present at such occasions as these, for I believe the cornerstone of modern civilization must continue to be religion and morality."

The President told some of his experiences with the Catholic Church in the Philippines and then said that on the occasion of his visit to Rome he ventured to say to the Pope that while in America the sentiment was strong for the separation of Church and State, there was nothing in the American Government or American people that opposed the Church or its highest development; that in no European country had the Catholic Church flourished as it had in America; that in this country the Catholic Church received from the Government and State officials only that treatment accorded to every other denomination.

## A Time of Toleration.

"I think we have reached the time when the churches are growing together," continued the President, "when there is less bitterness of denominational dispute, and that no matter what creed we may follow, the churches are beginning to realize that they must stand shoulder to shoulder in the contest for righteousness; that we all stand for the fatherhood of God and the brotherhood of man."

"I am an optimist. I believe we are much better today than we were fifty years ago, man by man. I believe we are more altruistic and more interested in our fellow-man than we have been at any time in the last fifty years. Of course you hear from time to time of instances of selfishness and greed, but the only reason these instances are given prominence is because we condemn them the more and believe that in calling attention to them they will be made more and more infrequent."

"No church in this country, however humble it may be, which preaches the doctrine of true religion and true morality, will lack my earnest support to make it more influential whenever opportunity offers."

President Taft's special train last night began wending its way down the fertile Willamette valley, en route to Sacramento, where the President will speak today.

## HOW TO MAKE BUTTER.

Which Will Bring the Highest Price in Market.

If country butter is put up in neat uniform prints and carefully shipped it will sell for a good price to the city grocer.

If a good price is expected, one must really make good butter which will keep fresh and sweet for many days. To do this clean milk must be had, and this comes only from healthy cows fed on sweet grain and other forage or on pasture free from obnoxious weed—such as wild onions, ragweed, bitter weed, etc.—and with pure, fresh water to drink.

The milking should be done in a clean place free from odor and dust. The udder and flank should be dampened and wiped dry with clean cloth. The pail should be carefully scalded and sunned or aired. The milk should be immediately strained through a cloth.

As a rule, the whole milk is churned where only two or three cows are kept, but if it is to be skimmed, the process must begin at once; the hand separator is not practical for one having so few cows, but the deep cold setting plan may be practiced successfully, especially where flowing water may be used. This plan consists in using 20 inch pans, 9 inches wide, with a strip of glass down the side. The skim milk is drawn off from the bottom.

This can must immediately be set into cold flowing water. The cream will nearly all have risen in 10 hours.

Whether milk or cream is used, the process of making butter is the same. The milk should be kept as cool as possible until ready for ripening. The ripening should be carefully done, for upon this depends much of the flavor of the butter and the quantity secured.

Over-ripe cream makes strong, cheesy-tasting butter; under-ripe cream will make hard churning and a small quantity. A dairy thermometer is needed; in winter a higher temperature for ripening will be required than in summer—68 or 70 degrees in winter, and 62 or 64 in summer. The cream should be held at this temperature, by keeping it surrounded with warm water, until a little acidity is detected and then it is cooled as much as possible and kept cold until ready for churning.

A barrel churn is the best. The churn should first be rinsed in scalding water and then a pail full of cold water dashed in. After this is drawn out the cream of milk is strained in through a butter-milk strainer or common gravy strainer. The churning should proceed until the butter has "come" in small granules about the size of No. 4 birdshot. A cold brine is now added to cause it to granulate more rapidly.

The butter-milk is then drawn off and clean cold water added. This is drawn off and the same process repeated until the water runs clear. This removes the butter-milk which would otherwise cause the butter to sour in a few days. When water is all out the butter should appear in granules; this is proof of proper churning. The butter is now ready for salting and working.—Felix Williams, in Raleigh (N. C.) Progressive Farmer.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

## BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial circuit, Alachua County, Florida.—In Chancery—Ethel McMakin vs. Emyln McMakin—Order Publication—Bill for Divorce.

It appearing by affidavit appended to the bill filed in the above stated cause that the residence of Emyln McMakin, the Defendant therein named, is unknown to Complainant, and has been unknown to her nearly five years last past; that there is no person in the State a service of a subpoena upon whom would bind the said Defendant, and he is over the age of twenty-one years; it is therefore ordered that said Defendant be and he is hereby required to appear to the Bill of Complaint filed in said cause on or before Monday, the 1st day of November, A. D. 1909, otherwise the allegations of said bill will be taken as confessed by said Defendant.

It is further ordered that this order be published once a week for eight consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

This August 24th, 1909. A true copy of original.

S. H. WIENGES, Clerk Circuit Court.

J. M. RIVERS, Solicitor for Complainant.

## NOTICE.

Notice is hereby given that on the 28th day of October, 1909, I, as administrator of the estate of Martha C. Foreman, deceased, (with the will annexed), will apply to H. G. Mason, County Judge of Alachua county, Florida, at Gainesville, for an order to sell the following real estate, for the purpose of paying debts of deceased, to wit: The S½ of NW¼ and E½ of SW¼ of Sec. 27, Tp. 8, R. 17 E.

J. T. PRICE, Admr. cum testamento anexo.

## NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

## OFFICER SAVES FIEND FROM AN ANGRY MOB

Negro Charged With Criminal Assault On Woman  
Near Orlando is Lodged in Jail.

Orlando, Fla., Oct. 4.—This section is excited to a considerable degree over the arrest of Ben Hamilton, a negro who is charged with criminal assault upon Miss Ella Merritt at Lockhart, a village located near Orlando, on Saturday afternoon. The victim of this heinous crime, the negro came to her house where she was alone, choked her into insensibility, and after accomplishing his purpose left her on the floor of the room in an unconscious condition. She remained in this condition until the arrival of her father, some time later, when an officer was given. Officers at Orlando were notified, a posse was raised, and after scouring the woods of Saturday night and Sunday morning, Hamilton was arrested at Apopka about noon yesterday. The

negro was taken before Miss Merritt for the purpose of identification and she identified him as her assailant. He was quickly brought to Orlando and is now in the Orange county jail. Hamilton would have undoubtedly been lynched had the angry citizens of the Lockhart and adjacent territory found him, they having become much wrought up over the crime, but the officers hurried the man to prison in so short a time that there was no chance for a mob to get in its work, and in fact, before the people were aware that the right party had been apprehended.

This was the second time that Miss Merritt has fallen victim to such an outrage, as a white man was tried for a similar offence upon her a few years ago, but was acquitted.

Miss Merritt is about fifty years of age and delicate.

JESSE E. BURTZ.

## Brutal Negro Beats His Baby to Death With Strap

Negro at Cochran's still, near St. Cloud, on Friday of last week, beat his seven-months-old baby to death with a strap because the baby annoyed him by crying.

Witnesses declare that the father beat the child up from the floor where it was lying, held it in one hand and beat it to death with a strap. He then dropped the body to the floor, and finally kicked it into a yard. The mother ran to the lit-galvering body and picked it up, as she held it to her breast she discovered that life was extinct.

The father, under threats to kill if she told anyone of the occur-

rence, got a promise from the mother that she would not tell anyone how the child met its death, and in this way she saved herself from falling a victim to the blood-lust of the brute whom she called husband. Escaping from the clutches of the murderer, she told men of the turpentine camp of the brutal murder and the murderer narrowly escaped a lynching at the hands of the people living in the neighborhood.

Complaint of the murder was made to Justice Wathen at Carabelle and he issued a warrant of arrest which was duly executed and the man finally lodged in jail at Apalachicola.—Apalachicola Times.

## STARVING, AN ESKIMO ATE HIS OWN CHILD

THE TRIBE ATTACKED HIM, BUT  
HE BEAT THEM OFF.

Horrible Stories of Shipwreck and  
Starvation Come From the  
Far North.

ST. JOHNS, N. F., Oct. 4.—Tragedy in the Far North formed the burden of the news brought to port yesterday by the Hudson Bay Company's steamer "Adventure," which arrived with the crew of the lost Dundee whaler "Paradox," and the story of an Eskimo, who driven to a cannibalism by starvation, ate his child.

The "Paradox," one of the fleet of whalers, met the fate of her companion ship, "Snowdrop," when she was crushed in the ice floes off Baffin Land early in August a year ago. The crew, with scanty provisions, made their way over the broken ice toward the mainland, and were picked up by the steamer.

The Hudson Bay mounted police report, through dispatches brought by the "Adventure," the cannibalism of the starving Eskimo. The man's fishing and hunting season had been a failure, and driven mad by hunger, he cut the throat of one of his children and then ate the little victim.

When the man's neighbors learned of the horrible crime they attacked him according to the primitive law of their race. The outcast beat off all assaults, shot down several of the attacking party and escaped into a wilderness. His fate is unknown.

## IMMENSE SPOT ON SUN HAS BEEN OVERLOOKED

MILWAUKEE, Wis., Oct. 4.—An immense spot on the sun more than 30,000 miles in diameter, which has been overlooked apparently by other astronomers of the country who have their attention focussed on the planet Mars, has been discovered by Dr. James L. McGeary, the Marquette University astronomer.

Upon this spot, which is visible to the naked eye and which in reality made up of four smaller spots, Mr. McGeary thinks may be placed at least part of the responsibility for the series of mysterious magnetic disturbances which upset telephonic and telegraphic services in America and Europe recently.

Mr. McGeary also believes that the proximity of Mars to the earth may have had an important part in the strange magnetic disturbances, the earth being in the magnetic field of both that planet, which he presumes to be magnetic, and of the sun, the magnetic influence of which he contends is probably increased by the gigantic spot upon its face.

The influence of the northern lights which are now plainly visible in this part of the world at night and the increased power of magnetic earth currents also play a part in McGeary's explanation of the recent disturbances.

### MICANOPY WANTS ROADS.

Committee Was Before the Commissioners Here on Tuesday.

The good people of Micapony are alive to the good roads movement and are working to get all of them they possibly can in their district.

Besides already having more hard roads than any other section of the county, they sent a special committee to the city to meet the board and will make an extra effort to have the road connected with the Marion county road in the next few months, as well as close up the gap that is now open between Gainesville and that place.

### Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. N. Johnson.

## BLIND TIGER BOOZE KILLS NEGRO WOMAN.

One more death can be checked up to blind tiger booze.

Sunday night Eliza Wait suffered with cramp colic. She had an idea that a little whiskey would relieve the suffering and sent down on the pike for a supply. When she obtained the concoction she gulped down the whole pint as fast as she could. The poison soon commenced to have its effect and she never recovered from the dose. It is said that she exposed herself to the cold while intoxicated and it was this that caused her death. The matter is being investigated by the authorities.—Lake City Index.

### Catarrh Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.  
Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

The growers around DeLand will have the biggest and best crop of oranges in 15 years. With the new Citrus Exchange working for the success of the growers, a better price than usual should prevail. Oranges from Myers section will start North the latter part of this month. Some grapefruit is beginning to color up here but no citrus fruit from this section will be fit for shipping within 30 to 60 days.—DeLand News.

### Slightly Colder With Snow.

When you see that kind of weather forecast you know that rheumatic weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1.00 bottle. Sold by W. M. Johnson.

### For Church Benefit.

We are requested to announce that there will be a box supper given at the home of Mrs. G. A. Rollins at Rochelle on next Friday night, October 8th, the proceeds to go toward the Baptist church debt of that place.

## NEWS OF CITY AND COUNTY CONDENSED

### MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

#### What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

From Tuesday's Daily Sun.

C. M. McKinney of Graham was among the visitors to the city yesterday.

James Croxton, county surveyor, of Micanopy, was among the visitors to the city yesterday.

Miss Mary Roux has returned from a pleasant visit with her aunt, Mrs. T. L. Hodgson, at Williston.

Lute Howell and Postmaster A. C. Reid of Newberry were transacting business in the city yesterday.

J. W. Harrold, one of the progressive citizens of LaCrosse, was in the city Monday transacting business.

William Boston of Bland, a farmer of that section, was shaking hands with his Gainesville friends Monday.

Dr. E. B. Howell of Newberry was among the visitors to the city Monday to look after some business matters.

E. W. Rose of Atlanta, who is spending some time at Evinston settling up his son's estate, was in the city yesterday on business connected with the same.

L. J. Knight of LaCrosse was among the visitors to the city yesterday. He says the farmers are busy and that within a short while cane grindings will be the order of the day.

N. B. Mott, a merchant of Micanopy, was in the city yesterday. He was just returning from a visit to the markets, where he purchased his stock of merchandise for that place.

A. E. Miller and C. M. Smith of Evinston visited Gainesville Monday. They state that rain would be highly beneficial to the trucking interests there just at the present time.

Misses Minna and Catherine Hampton, who have been absent for the past number of weeks visiting in New York State, returned home yesterday much to the delight of their numerous friends.

B. F. Massey of Arredondo was in the city yesterday en route to his home. He has just returned from a visit of several weeks to friends and relatives in Alabama, and states that he has had a pleasant trip.

Mrs. F. D. Warner, who accompanied her husband and a party of friends to New York and the West, returned home yesterday. She has had a most delightful trip and was well pleased with her vacation.

Mr. and Mrs. J. D. Stringfellow, after an absence of several weeks in New York and other places of interest, returned to their home yesterday. They have had a most delightful outing and feel that the trip has proven beneficial.

F. J. Hammond of Hawthorn, one of the most extensive merchants of the east end of the county, was in the city yesterday. It is rumored that he has contracted the automobile fever and will doubtless have a new car within a few days' time.

W. P. Shettleworth, one of the largest and most experienced truckers of Evinston, was here yesterday looking after some business matters. He states that a good acreage has been planted to fall vegetables and that prospects look bright for the planters.

Elder J. T. Johnson has accepted the pastorate of the Second Advent church for the second year, having announced his decision on Sunday evening. He has been associated with this church during the past year and has done much good for the church and his people.

L. L. Hill left yesterday for points in South Florida for the purpose of looking into the orange crop situation. He visits that section every season and always secures large consignments of the golden fruit for the houses he represents, and also ships a great many to the local market.

Miss Addie Goode, writing from the Roselyn Hotel at Los Angeles, Cal., states that she is having the best time of her life, but owing to the cloudy condition of the country she is unable to indulge in her favorite pastime by snapping kodak views of places of interest on her trip. For the first

shining brightly there on Friday of last week, when she managed to get a number of nice views.

From Wednesday's Daily Sun.

Mrs. K. R. Turner of Rochelle was in the city yesterday on a shopping visit for a few hours.

J. R. Sanchez of South Gainesville returned yesterday from a short business trip to High Springs.

Marion Osteen and James T. Price, both of the Wade section, were visitors to the University City yesterday.

A. J. Feaster, who has charge of the road hands in the northern end of the county, was a visitor here yesterday.

J. F. Osteen of the Stroble settlement was in the city yesterday on business before the county school board.

Lester Sinclair of Trenton was in the city yesterday en route to Micanopy on a short business visit of a few days.

S. L. and T. L. Blanton, father and son, two representative citizens of the Wade section, were in the city yesterday on business.

C. W. Wells of Alachua visited the city yesterday. He states that things are rather lively in his city just at the present time over the cotton question.

Mr. and Mrs. H. R. Wilburn are now located in their new home on South University street, where they are at home to their numerous friends.

L. H. Hall of Orange Heights was transacting business in the city yesterday. He reports the roads dry and dusty and rain badly needed by the farmers.

W. H. Harris, deputy sheriff of LaCrosse, was among the visitors to the city yesterday, having come to bring a couple of prisoners who were arrested for peddling.

L. W. Knight of Jonesville was a business visitor to the city yesterday. He called at The Sun office and renewed his subscription for the twenty-third consecutive year.

W. S. Turner of Micanopy was a visitor to the city yesterday. He is one of the truckers of that section and says beans and peas are looking well, although they are badly in need of rain.

R. P. Lumpkin of Orange Heights, one of the old and valued subscribers and friends of The Sun, was among the visitors to the city on Tuesday. While here he made a pleasant call at this office.

B. S. Williams of Trenton was among the visitors to the city yesterday. He is one of the prominent citizens of that section and states that everything is lively there with the advent of fall.

J. S. Bell of Rex was among the many visitors to the city yesterday. While here he made a call at this office and stated that their school is doing nicely and has an enrollment of thirty-five pupils.

G. F. P. Howard of Jonesville was transacting business in the city yesterday. He came along with a party from that section to confer with the school board in reference to an assistant teacher for that school.

M. Venable, the crate and basket man of Archer, was in the city yesterday. He says they are now making in the neighborhood of 2,000 baskets a day, which are being stored for the fall use of growers.

Judge A. D. Chamblin of Archer was a visitor to the county capital on Tuesday. He says that considerable cotton is being brought to the Archer market and will continue so until the season is closed.

M. A. Osteen of Jonesville was in the city yesterday. He accompanied a number of other prominent citizens of his section here in the interest of their school in an endeavor to get an assistant teacher for the school.

J. B. H. Gay of Bell was among the many visitors to the county capital yesterday. He states that business is very lively in his section owing to the marketing of cotton, and that good prices have been received.

We are requested to announce that there will be a box supper given at the home of Mrs. G. A. Rollins at Rochelle on next Friday night, October 8th, the proceeds to go toward the Baptist church debt of that place.

Mrs. W. H. Davis, who has been absent for the past few months visiting points of interest throughout the West, has returned home. She stopped over for several days with relatives in Georgia and had a most delightful vacation.

Curtis, of River Styx, were visitors to Gainesville yesterday. Mr. Turner came to meet the commissioners in the interest of the road leading across the prairie, which he says has about been abandoned by the board.

W. H. Gay of Trenton was among the visitors to the city yesterday and while here made a pleasant call at this office. He has been one of The Sun's valued readers since its first publication when started by McCreary & White, and says he would feel lost without its visiting his home regularly.

Dr. N. D. Phillips, for many years a physician in Gainesville, passed away in Jacksonville yesterday morning, at the home of his son-in-law, D. W. Travis. The funeral will take place from the Episcopal church in this city at 2:30 this afternoon. Friends of the family are invited to attend.

F. F. Paulling, one of the prominent citizens of the East End, and who was formerly a member of the Board of County Commissioners, was visiting Gainesville yesterday. He says cotton is about over in that section and the farmers have received satisfactory prices, but owing to the heavy rains at the wrong season the yield was small.

B. R. Stripling, district manager of the Florida Life Insurance Co., and J. S. C. Carpenter of Jacksonville, representing the same company, are here to settle the claim of the late Dr. H. L. Pearce, who was insured in this company for \$5,000. In another column of this paper will be found a letter from Mrs. Lydie Bowers Pearce testifying to the prompt settlement of the claim.

From Thursday's Daily Sun.

W. S. Tillis of Waldo was a visitor to the city yesterday.

Frank McDavid of Montecocha was a visitor here yesterday.

James Case of Waldo was among the out-of-town visitors in the city yesterday.

L. M. Scarborough left last night for a short business and pleasure visit to Micanopy.

H. M. Moran of Campville was in the city yesterday and renewed his subscription to The Sun.

Mrs. B. P. Hopson of High Springs is in the city for a few days on a short visit with relatives.

E. F. Matthews, Jr., who has been in the city for the past number of days, returned to his home yesterday.

Miss Bertha Faircloth of Dothan, Ala., is visiting her brother, C. A. Faircloth, cashier of the Gainesville National Bank.

Mrs. Albert F. Roux and daughter, Miss Janette, of Norfolk, Va., are in the city, guests of Mrs. Robert E. Davis, South University street.

J. M. Powell, proprietor of the Sheffield House at Alachua, was a visitor to Gainesville yesterday. He says that the place is lively now owing to so much cotton being sold there.

The Philatheas and Baracas of the Methodist church will tender a reception to the faculty and students of the University at the White House on Friday evening, October 8, from 8:30 to 10:30 p. m.

Mrs. Chas. H. Wilkins, nee Miss Nettie Roux of this city, and Mrs. Chas. L. Wilkins, of Norfolk, Va., have arrived in the city and will remain here several days as guests of Mrs. Robert E. Davis.

Mrs. B. F. Hampton, who has been absent for the past several months visiting various sections of the country, principally New York State, returned home yesterday, much to the delight of her host of Gainesville friends.

Capt. J. J. Barr, one of the prominent citizens of Micanopy, was a visitor to Gainesville yesterday. He has a large crop of oranges which will soon be going forward to the Northern markets, and he hopes for a good market.

Congressman Frank Clark and wife returned yesterday from a visit of several days to Jacksonville and other points. They were accompanied home by Miss Helen Abney of Jacksonville, who will be Mrs. Clark's guest for the next several days.

J. N. Partin of Newberry was a visitor to the city yesterday. He is the efficient blacksmith and wheelwright of that place and states that he is doing a most excellent business just at this season, but thinks that times will be still better a little later on, as all the mines are soon to resume operations and money will be

### CLAIM QUICKLY PAID.

Florida Life Insurance Co. Pays \$5,000 to Mrs. Lydie Bowers Pearce.

Gainesville, Fla., Oct 2, 1909. Florida Life Insurance Co., Jacksonville, Florida.

Gentlemen: I wish to thank you for your check in the sum of \$5,000.00, which has just been handed me by your District Agent, Mr. B. B. Stripling of Ocala, in full settlement of my claim under policies 2057-8 held by my late husband, Dr. Harry L. Pearce. Proofs of loss were forwarded to your office last night, reaching there this morning, and check in payment issued and forwarded immediately. The dispatch in which this claim has been handled clearly demonstrates the advantage of dealing with a home company, thereby avoiding delays in making settlements.

Dr. Pearce took out these policies less than 19 months ago, and at that time was in perfect health. His untimely death forcibly shows the wisdom of securing protection afforded by life insurance when in an insurable condition.

Your immediate and satisfactory payment of my claim is very much appreciated, and you have my best wishes for the continued success of the tried and proven "Florida Life."

Very respectfully,  
LYDIE BOWERS PEARCE,  
Beneficiary.

Witness: B. R. COLSON.

### YOUNG MEN WANTED.

Government Pays From \$600 to \$1,600 A Year, No Lay-Offs.

Free Scholarships Are Offered.

Railway mail clerks, postoffice clerks, city carriers, rural mail carriers wanted.

Examinations in the vicinity of Gainesville soon. Short hours, salary twice monthly, annual vacation and life position.

Thousands of appointments are to be made. Common education is all you need; city and country people have equal chance and political influence is unnecessary. Free scholarships during October and November. No time to lose. Write to Central Schools, Dept. 1,003, Rochester, N. Y.

### SPECIAL CASH PRICES FOR SATURDAY, OCTOBER 9TH, AT DORSEY'S.

18 pounds best granulated sugar \$1.  
20 pounds good fancy rice, \$1.  
Sack good rice for \$3.75.  
9 pounds good green coffee \$1.  
7 cans sardines, 25c.  
24 pounds best flour, 85 cents.  
96 pounds best flour, \$3.25.  
8 bars toilet soap, 25 cents.  
Wanted—One barrel of new syrup; will pay 30 cents dozen cash for fresh country eggs; will pay 60 cents cash for new sweet potatoes; also highest cash prices for your frying-size chickens.  
W. S. DORSEY & CO.

### BUYERS AFTER COTTON.

Number of Outsiders Now Visiting Alachua for the Crop.

Outside cotton buyers are now after the cotton crop that is being stored at Alachua, and on Wednesday several of them had congregated there for the purpose of trying to purchase the stock.

Each season they congregate there in large numbers, but it is not generally so soon as this year, and the farmers will doubtless realize handsome prices for the staple.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.
